1. History of Corner Establishment and Subsequent Restoration:

In 1921, Chester Pecore originally set a 1"x36" iron pipe with brass cap for the corner, under GLO contract, group #19. Then in 1966, the BLM noted finding the original monument and remains of both BT's. In 1976, C. Whitten, LS #12,412 found the monument missing and noted it was probably destroyed by fire trail construction. He remonumented the corner with the monument shown below and added 1 RP, as shown on his LCR filed in BOOK 6/6, at PAGE 1. On August 31, 1988, R. Bogdon (from HAMPSTUR CORP.), found the above mon. and remains of both BT's. A reference post was added and the corner was refreshened at that time, while working under the direction of C. Hampton, PLS #18,087.
