BOOK 76 PAGE 249

To whom it may concern:

Referring to the original deed property descriptions from Eva King of plots in the S.W.¼ of N.W.¼ of Section 34 T2N R5E of W.M., "The private road running easterly and westerly as now staked out" was not used in practice. A temporary vehicular trail a variable short to moderate distance to the north, all on the Eva King property to a point 400 feet east of the west line, was used with Mrs. King's permission as a temporary route.

This and additional temporary routes are still being used in the year 1975. All of the original owner's understood that their plots extended only to the lines"As staked out".

I, the undersigned, personally staked out the above plots before their original sale.
