NOTICE OF ASSESSMENT WORK AND INTENT TO HOLD CLAIM

Name of claim: Firlock II
Locator: Russell A. Niblock

Date filed Skamania County Auditor: 10/10/78 Mines Vol. N, P-9

During the assessment year 1982 three (3) man days labor was performed on the claim. This consisted of removing overburden washed in by high water near the eastern extent of the quartz vein at the discovery location and extracting material upstream from the discovery location for analysis and assay. The labor was performed by Russell A. Niblock, Ray Dennis and Russell A. Niblock Jr.

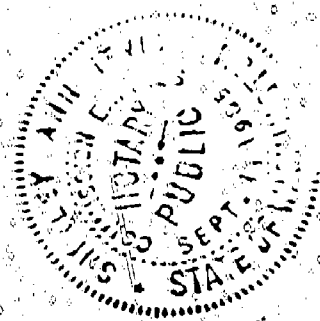

Analysis of material excavated so far does not indicate an economical operation however the planned U.S. Forest Service Boulder Creek timber sale will provide excellent access to the claim so that prospecting and mining activities can be substantially increased with economical advantages.

With labor estimated at \$60.00 per man day assessment work for 1982 was \$ 180.00 excluding indirect costs. This Firlock II claim is contiguous with the original Firlock Lode claim (see County Auditor file # 87160 Mines Vol. M, P963-64; B.L.M. serial # ORMC 8278, T9N, R9E, W.M.) and the aggregate expenditure was \$ 540.00.
