Corner Number T-25

1. History of Corner Establishment and Subsequent Restoration; description of Evidence Found:

Found a 24-inch line tree (green) 287 feet North of the corner that checks with the 18-inch diameter tree called for in the notes plus 80 years growth. There are 2 notches on the North and South sides. At the record distance South of the line tree, there was a 14-inch diameter uproot (burned) at North 29° East, 7.3 feet from this location. Also, I found a basalt stone similar to the one called in the notes but somewhat larger.

2. Describe Monument, Accessories and Corollary Data to Perpetuate this Corner Location. Diagram corner and indicate meridian and reference to map of record.
