During the assessment year 1983 (9/1/82 to 9/1/83) three (3) man days labor was performed on the claim. This consisted of extracting material upstream from the discovery location for analysis and assay. The labor was performed by Russell A. Niblock, Ray Dennis and Russell Niblock Jr. With labor estimated at \$60.00 per man day assessment work was \$180.00 excluding indirect costs. This Firlock II claim is contiguous with the original Firlock Lode claim (see County Auditor file # 87160 Mines Vol. M, P 963-64; B.L.M. serial # ORMC 8278, T9N, R9E, W.M.) and the aggregate assessment expenditure was \$ 540.00.

Only a minimum of assessment work is planned until completion of the U.S. Forest Service Boulder Creek timber sale and road. The road will provide excellent access to the claim and mining activities will be substantially increased.
