Locator: Russell A. Niblock file # 87160
Date filed Skamania Co. Auditor: 9/6/78 Mines Vol. M, P 963-64

During the 1984 assessment year six man days labor was performed on the claim. This consisted of drainage excavation and lateral excavation in the primary lower tunnel. The labor was performed by Russell A. Niblock, Ted Martin and Russell A. Niblock Jr.

With labor estimated at \$60.00 per man day this indicates \$360.00 assessment work excluding indirect costs such as travel, resurvey and reposting.

It is planned to substantially increase prospecting and mining activities after the U.S. Forest Service Boulder Creek timber sale and road are completed. The road crosses the upper part of the claim and will provide excellent access with economical advantages.
