The parties hereto hereby agree that the rights hereinabove granted by one party hereto to the other shall be subject to the following terms and conditions:

1. The easements are conveyed for the purpose of reconstruction, use and maintenance of a road or roads for the purpose of providing access to and from lands now owned or hereafter acquired by the parties hereto for the hauling of forest products and other valuable materials.
2. Thirty (30) days prior to any reconstruction, and/or betterment of said roads by either party on lands of the other party, the initiating party will submit to the land owning party a written request for joint review of the proposed project, upon completion of which the initiating party will submit a complete and detailed plan of operations. Each party's operations, specified herein shall be conducted in accordance with the provisions of the approved plan of operations. Said parties shall provide the other party the right of examination of the right of way before any reconstruction, or development is commenced.
3. Each party hereto may permit its respective agents, contractors, licensees, lessees, purchasers of timber or other valuable materials, and their agents, hereinafter individually referred to as "Permittee" and collectively referred to as "Permittees," to exercise the rights granted to it herein.
4. The cost of road maintenance and resurfacing shall be allocated on the basis of respective uses of said roads. When any party uses a road, that party shall perform or cause to be performed, or contribute or cause to be contributed, that share of maintenance and resurfacing occasioned by such use as hereinafter provided. During periods when a road is being used solely by one party, such party shall maintain that portion of said road so used to the standards existing at the time use is commenced. During periods when more than one party is using the same road, or any portion thereof, the parties hereto shall meet and establish necessary maintenance provisions. Such provisions shall include, but shall not be limited to:
 - (a) The appointment of a maintainer, which may be one of the parties hereto or any third party, who will perform or cause to be performed at a reasonable and agreed upon rate the maintenance and resurfacing of the road or the portion thereof being used; and
 - (b) A method of payment by which each party using said road or a portion thereof, shall pay its pro rata share of the cost incurred by said maintainer in maintaining or resurfacing said road or portion thereof. The pro rata share shall be based on volume per mile.

For purposes of this agreement, maintenance is defined as the work normally necessary to preserve and keep the roadway, road structure and road facilities as nearly as possible in their present condition or as hereafter improved.
5. Each party will endeavor to notify the other parties of this agreement of any fourth party useage of these roads.
6. Each party using any portion of a road shall repair, or cause to be repaired, at its sole cost and expense, that damage to said road occasioned by it which is in excess of that which it would cause through normal and prudent usage of said road. Should inordinate damage to a road occur which is not caused by an authorized user of said road, the parties hereto shall meet to agree upon the cost of replacement, the party to undertake the replacement, and the shares of replacement cost to be borne by each user of said road.
7. Unless the parties hereto agree in writing to share the costs of improvements, reconstruction or relocation in advance of such improvements being made, such improvements shall be solely for the account of the improver.
8. Any roads constructed after the date of this document that logically can serve the resources and uses of more than one party shall be cost shared by those parties desiring a permanent easement.

9. Each party hereto reserves to itself all timber now on or hereafter growing within the rights of way on its said lands.
10. Each party hereto shall require each of its Permittees, before using any of said roads on the lands of the other party hereto for commercial purposes, to:
- Obtain and during the term of such use, maintain a policy of liability insurance in a form generally acceptable in the trade and customary in the area of said rights of way, insuring said Permittee against liability arising out of its operations, including use of vehicles.  - Deliver to each party hereto a certificate from the insurer of said Permittee certifying that coverage is not less than the above named amounts is in force and that, in the event of cancellation or modification of such coverage, the insurer will give each party hereto ten (10) days written notice prior to any cancellation or modification.
11. Each party hereto agrees to have an annual meeting in January or February to agree to add or delete roads from this agreement and to update any or all of the terms or conditions herein stated. Any addition or deletion of roads and/or changes to this document shall be accomplished in the form of a recorded supplement or amendment.
