1. History of Corner Establishment and Subsequent Restoration:

In 1900, Lewis Shelton originally established the corner with a post and scribed 4 BT's under GLO contract #552; then in 1921, Chester Pecore remonumented the corner with the iron pipe and brass cap shown below and added 2 additional BT's to the South as he reported the ones scribed in 1900 were down. Pecore's survey was under GLO contract, group #19. Then on July 19, 1988, HAMPSTUR CORP. found the above mentioned brass cap monument along with 3 original BT's while performing a corner restoration project in the area for PLUM CREEK TIMBER CO.
