Nothing in this section affects the additional tax imposed under RCW 84.34.108.

The county assessor will approve all applications for transfer to farm and agricultural classification.

Farm Plan for Scott & Tomi Hall

Dear Glenda Kimmel,

Enclosed is a map which should help show you our farm plan. I have started to remove some of the trees in the area marked in yellow. I plan on finishing this by early Spring of 1989. I have worked out a deal with a neighbor to help me plant it in grass hay soon afterwards.

Next I will start fencing the North and East boundaries. This is approximately 6,007' of new fence that needs to be constructed. I hope to have this completed by late 1989.

After the outside boundaries are fenced, several dissecting fencing will be built to keep livestock in certain areas or out of others.

Livestock now come into the picture. We plan on raising a breed of cattle called Limousin for commercial sale.

The barn comes last which is the reason for needing to use the forest land for agricultural woodlots, to protect the cattle from the elements.

I hope that you will agree that a change in classification for this land would better fit my intended uses of it. Please call me if you have any unanswered questions.

Sincerely

Scott A. Hall

RE: Scott A. and Tami M. Hall
Parcel #01 05 18 0 0 0302 00 containing 27.00 acres; 14.00
acres under Classified Forest Land and parcel
#01 05 18 0 0 0301 00 containing 43.72 acres; 32.74 acres
under Classified Forest Land; (includes 7.34 acres within
the Scenic Easement.)

Proposed changes: Current Use Farm/Ag management plan for 17
acres; 29.22 acres to remain under Classified
Forest Land.

It is my understanding, having talked with David O'Brien and Bob
Starke, U.S.F.S., on November 4, 1988 in Hood River OR., that
the above stated property with proper approval from the
Department of Natural Resources and that of the United States
Forest Service, will be able to follow the Washington State
Forest Practices Act.

Reference was made by Mr. O'Brien as to the lay of the land; the
growth and harvest of trees under the Classified Forest Land
program would not be encumbered by the Scenic Act view shed
restrictions.

Subject to future review by this office with concern to
commercial use and income data to be required periodically from
the property owner; and subject to any changes or added
restrictions concerning the Columbia River Gorge National Scenic
Act on this parcel; the following changes are accepted for
transfer and/or application into the Current Use Farm and
Agricultural classification:

17 acres will be transferred into the C.U.F/AG program

29.22 acres will remain in the Classified Forest Land program

It is determined in Mr. and Mrs. Hall's case that the U.S.F.S.
Scenic Easement will not restrict the property owners proposed
plan for the agricultural use of this parcel.
