**Chapter 315, Laws of 1986:**

- (1) If no later than thirty days after removal of classification or designation the owner applies for classification under RCW 84.34.020 (2) or (3), then the classified or designated forest land shall not be considered removed from classification or designation for purposes of compensating tax under RCW 84.33.120 or 84.33.140 until the application for current use classification under RCW 84.34.030 is denied or the property is removed from designation under RCW 84.34.108. Upon removal from designation under RCW 84.34.108, the amount of compensating tax due under this chapter shall be equal to:
  - (a) The difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land when removed from designation under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against such land, multiplied by
  - (b) A number equal to:
    - (i) The number of years the land was classified or designated under this chapter, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is less than ten; or
    - (ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if the total number of years the land was classified or designated under this chapter and classified under chapter 84.34 RCW is at least ten.
- (2) Nothing in this section authorizes the continued classification or designation under this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to classification under subsection (1) of this section which does not meet the necessary definitions of forest land under RCW 84.33.100. Nothing in this section affects the additional tax imposed under RCW 84.34.108.

The application for transfer from classified or designated forest land to current use classification, farm and agricultural or timber land must be made within 30 days from the date of removal from forest land.

The county assessor will approve all applications for transfer to farm and agricultural classification.

In all unincorporated areas, the legislative authority shall act as the granting authority for applications for transfer to timber land classification. Lands within the incorporated areas shall be acted upon by a group composed of three members of the county legislative authority and three members of the city legislative authority.

Compensating tax will be due at the time of sale or transfer of any portion of land unless the application for classification is approved. If only a portion of the parcel listed on the application qualifies for classification the granting authority may approve only that part.

An application fee of not more than \$30 shall accompany each separate application. If the application is denied, all fees will be returned to applicant.
