## 1. History of Corner Establishment and Subsequent Restoration:

This corner was originally set by the GLO in 1909, by Frank Rhodes, at which time he set a sandstone for the corner and scribed 2 dead Firs. In August of 1991, HAMPSTUR CORP. performed an extensive search for this corner, using the record GLO calls for reference. After 14 crew hours of searching, the original stone was found buried 4" below the surface. The corner was then remonumented, as shown in the diagram below, and the original stone was placed on the East side of the new corner. This corner was located as part of a survey for PLUM CREEK TIMBER COMPANY, under the direction of C. Hampton, LS #18,087.

## 2. Description of Evidence Found:

GLO CORNER: 14"x10"x8" sandstone marked with a "1/4"; found a 14"x10"x4" sandstone with a clearly scribed "1/4" buried 4" below the ground surface. The search position was determined from the GLO calls to the North, which fit nearly perfect.

GLO BT's:

-14" dead Fir, N68°E--16 lks.; Gone-found no evidence remaining

-11" dead Fir, S50°W--21 lks.; Gone-found no evidence remaining
