BOOK 3 PAGE 74

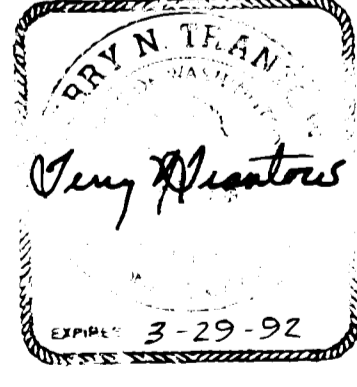

TRAVERSE NARRATIVE: A closed traverse was made about the parcels shown with a 10" total station and related equipment, all of which met the minimum standards for this survey as per WAC 332-130-090. Ties were made to adjacent and nearby corners found as shown, using reference 6 as the basis of bearings. Fencelines were found as depicted, and a tapering right of way width for Bones Road was noted, due to apparent survey differences.

The deed reference for TL 1300 makes reference to having an easement across the E 1/2 NE 1/4 Sec. 36, T3N, R7E, presumably near the present Simmons Road extension.
