STATE OF WASHINGTON TO NORTHWESTERN ELECTRIC CO.

September 18, 1913.

At a meeting of the Board of State Land Commissioners when were present the undersigned members, the following proceedings were had:

IN RE Application No. 8709 by the
Northwestern Electric Company for
an Easement for Right of Way for
Transmission Line Over and Across
Certain Shore Lands in Skamania
County

ORDER.

It appearing to the Board of State Land Commissioners at this time that the

Northwestern Electric Company has filed in the office of the Commissioner of Public Lands application No. 8709, under the provisions of an act of the legislature approved March, 17 1909, being chapter 188 of the session laws of 1909; which application is for the appraisal of the value of certain shore lands in Skamania County and the improvements, if any, situated thereon, and the value of all merchantable timber, if any, standing thereon, included within the right of way therein described and within a radius of 200 feet on either side of said transmission line; that the lands affected by and included within said application are described as follows:

Those portions of the shore lands on Wind River in front of the Wm. M. Murphy Donation Land Claim and lot 6, section 27 township 3 north, range 8 east W.M., which are included within the limits of a strip of land 62 feet in width having 56 feet of such width on the northerly side and 6 feet on the southerly side of the following described line:

Beginning at a point on the meander line in front of said Wm. M. Murphy Donation Land Claim from which the south meander corner to fractional sections 27 and 28, township 3 north range 8 east W.M., bears south 22° west, 7.81 chains; south 33° west, 6.50 chains; south 45½° west, 5.50 chains and south 33° west, 2.56 chains distant; thence north 63° west across Wind River to a point on the meander line in said Lot 6 from which the north meander corner to said fractional sections 27 and 28 bears south 33° west, 8.48 chains and south 37° west, 5.65 chains distant according to the plat filed in the office of the Commissioner of Public Lands at Olympia, Washington: and

It further appearing from said application that the applicant is a corporation, or constructing or proposing to construct across said lands a transmission line for the purpose of generating and transmitting electricity for light, heat and power; that the land within the right of way so applied for is limited to an amount necessary for the construction of said transmission line sufficient for the purpose required, together with sufficient land on either side thereof for ingress and egress to maintain and repair the same; that this land contains no timber, nor are there any improvements situated upon the same; that the full value of said lands is \$25.00; it is therefore,

Ordered and Determined, That the full value of the land included in said application be and the same is hereby fixed and assessed at the sum of \$25.00; and upon payment of the above amount to the Commissioner of Public Lands by said Northwestern Electric Company, the right, privilege, power and authority to construct, operate and maintain a transmission line upon and over the lands hereinabove described, may be exercised in accordance with the statute.

Dated this 18th day of September, 1913.

STATE OF WASHINGTON TO NORTHWESTERN ELECTRIC CO.

At a meeting of the Board of State Land Commissioners when were present the undersigned members, the following proceedings were had:

IN RE Application No. 3710 by the
Northwestern Electric Company, for
an easement for Right of Way for
Transmission Line Over and Across
Certain State Land in Skamania County.)

O R D E R .

It appearing to the Board of State Land Commissioners at this time that the Northwestern Electric Company has filed in the office of the Commissioner of Public Lands application No. 3710, under the provisions of an act of the legislature approved March 17, 1909, being chapter 188 of the session laws of 1909; which application is for the appraisement of the value of certain state land in Skamania County and the improvements, if any, situated thereon, and the value of all merchantable timber, if any, standing thereon, included within the right of way therein described and within a radius of 200 feet on either side of said transmission line; that the lands affected by and included within said application are described as follows:

All that portion of the N $\frac{1}{2}$ of NW $\frac{1}{4}$ of section 15, township 2 north, range 7 east W.M., which is included within the limits of a strip of land 62 feet in width, having 36 feet of such width on the northerly side and 6 feet on the southerly side of the following described line:

Beginning at a point on the north line of said section 15, said point being 1640 feet east of the northwest corner of said section 15 and running thence in a southerly direction 1960 feet to a point on the west line of said section 15, said point being 1050 feet south of said northwest corner, containing an area of 2.87 acres, according to the plat on file in the office of the Commissioner of Public Lands at Olympia Washington; and

It further appearing from said application that the applicant is a corporation,
