Evelyn L Skaar is being added approximately 20.04 acres. She desires to convert the field that is under the Current Use Agricultural program to Designated Forest Land in conjunction with the other acreage in that parcel. The property will not meet the requirements to remain under either deferred tax programs and the Compensating Tax would be due on the total parcel without this conversion.

A Forester has been consulted and the area of approximately 2.00 acres will be planted by the Spring of 2004.

I am aware of the additional tax that will be due if the property is removed from the deferred tax program.

I, Evelyn L. Skaar owner, do hereby request the additional 2.00 acres to be added to the program, knowing the penalty for removal, if the planting of the trees is not completed for this transfer.
