In re: Perpetual flowage easement dated April 23, 1938, from Henry Bolle and Elsie N. Bolle, husband and wife, to United States of America, over a certain portion of Lots 8 and 9, Block 2, First Addition to the Town of Underwood, according to the official plat thereof recorded at page 19, Book "A" of Plats, records of Skamania County, Washington, more particularly described in said deed.

I, Mary V. Lane, being first duly sworn, depose and say: That I am familiar with the land over which the above named grantors granted a flowage easement to the United States of America, as above mentioned; that said land over which a flowage easement was granted is not subject to any vested or accrued water rights for any purposes in favor of the United States of America or any third persons, nor is said land subject to the vested right of any proprietor of a vein or lode to extract and remove ore therefrom, nor is said land subject to any vested rights of way for ditches or canals constructed by authority of the United States.

I further say that no easements are existent which are used by third persons in connection with vested and accrued water rights that affect the above mentioned lands.

I also say that no person or parties are in possession of said lands except the grantors in the above mentioned flowage easement. I further say that there are no questions of survey or boundary disputes affecting the lands over which said flowage easement was granted; that there are no mechanics' lien claims existent, not shown of record, that affect the lands over which said flowage easement was granted.

I also say that I know of my own knowledge that Isabella Underwood and Mary V. Olson, the grantor and the grantee respectively, in that certain deed dated September 3, 1919 and recorded September 12, 1919 in Book "R" of Deeds, page 234, Records of Skamania County, Washington, are one and the same persons as Isabel Underwood and Mary V. Olsen, and named as sole and only heirs of Ellen Underwood, deceased, in that certain probate proceedings in
