R. M. Hegewald et ux et al to United States

Flowage easement. Office Chief of Engineers 6500 (Bonneville Dam) 1536/2. Jan. 17, 1940.

This Indenture, made this 29 day of December, 1939, by and between R. M. Hegewald and Helen Hegewald, his wife, (who was also his wife at the time of acquiring title to the hereinafter described real property) and G. W. Hegewald and E. Hegewald, his wife, (who was also his wife at the time of acquiring title to the hereinafter described real property) hereinafter called the Grantors, and the United States of America, hereinafter called the Government, witnesseth:

That, Whereas, the Government is constructing a dam across the Columbia River between the States of Oregon and Washington at Bonneville, Oregon, and upon the completion of said dam will operate and maintain a spillway, power house and ship lock; and

Whereas, under operating conditions, all lands abutting on either bank of said river from Bonneville to the Celilo Canal which are below the elevation of the backwater curve which begins at the dam at 72.0 feet above mean sea level (as determined by reference to the U. S. C. & G. S. bench mark, B. 24, situate about one mile east along the Oregon-Washington Railroad & Navigation Company's track from Warrendale, Multnomah County, Oregon, in the north end of a concrete culvert, at elevation 72.533 feet) will be permanently flooded; and

Whereas, the Government in operating said structures, will increase periodically the depth and duration of the overflow on a portion of said lands, later described, lying above elevation 72.0 feet; and

Whereas, the Government desires to purchase a perpetual flowage easement from the said Grantors, and said Grantors desire to sell said perpetual flowage easement to the Government;
