No. 491
JUDGMENT ON THE DECLARATION OF TAKING

The petitioner herein, the United States of America, by and through its attorneys, F. P. Keenan, Special Assistant to the Attorney General, and John W. Fishburne and Oliver Malm, Special Attorneys for the Department of Justice, having made oral motion in the above en- titled cause, praying the court to enter Judgment vesting in the United States perpetual ease- ments and right-of-way in and to the property hereinafter described, said property being the identical property described in the declaration of taking and in the petition for condemnation, and praying the Court for an order fixing the date when the United States of America shall have the right to enter upon said land and exercise the rights and privileges received by it by virtue of such easements; and a hearing having been held in open Court on said motion and declaration of taking, and the Court having considered the petition filed herein, the Court finds:

First. That the United States of America is entitled to acquire property by eminent domain for the purpose of providing for construction, operation and maintenance of electric power transmission lines by the Bonneville Power Administration as set forth and prayed in said petition.

Second. That a petition in condemnation was filed at the request of the Bonneville Power Administrator, the authority empowered by law to acquire the lands described in said petition, and also under authority of the Attorney General of the United States.
