State of Washington to Defiance Lumber Co., et al.

BILL OF SALE OF TIMBER

IN CONSIDERATION OF Twenty Thousand, Six Hundred Forty-seven and no/100 (\$20,647.00) Dollars, the receipt of which is hereby acknowledged, the State of Washington does hereby sell and convey unto Defiance Lumber Company and Buffels Lmbr & Mfg Co., both corp./, heirs, executors, administrators, successors and assigns, all the standing and fallen merchantable timber now owned by the State of Washington, upon the following described Forest Board lands, situate in the County of Skamania, State of Washington, to-wit:

NW $\frac{1}{4}$ of section 34, to nship 3 north range 5 east, W.M., containing 160 acres, more or less, according to the government survey thereof.

To be tractor logged.

The successful bidder will be required to post a bond of not less than \$1,000.00 to guarantee slash disposal in accordance with Chapter 207, Laws of 1929. The arrangements for the bond will be made with the Commissioner of Public Lands at the time the bill of sale is sent in for entry and execution. The bidder must agree to comply strictly with the provisions of Chapter 193, Laws of 1945, known as the Forest Practice Act. Any purchaser will be required to pay the State damages for any unnecessary destruction or damage to second growth timber.

The purchaser of the above described timber will be required to fall all dead and defective trees on the area and to comply strictly with laws governing slash disposal as found in Title 36, Chapter 1, Remington's Compiled Statutes and laws amendatory thereto.

The purchasers of state timber are required to run out the lines and are responsible for trespass in case timber is cut adjacent State-owned land.

This bill of sale gives the holder the right to construct logging roads across the above described tract for the removal of said timber, but does not give him any exclusive jurisdiction over the tract. The State reserves the right to grant rights of way for logging roads or for any other purpose over and across the above described tracts at any time and neither the State nor the grantee shall be liable to the holder of the bill of sale for any damage caused thereby.

Attention is called to the fact that this grants only the right to remove the timber, the State retaining jurisdiction over the land in all other respects.

All timber, whether standing or fallen, not removed from said land by said grantee, or those claiming under him, within five years from the date hereof, shall revert to and become the property of the State of Washington as fully to all intents and purposes as if this instrument had not been made; and the right of said grantee, or those claiming under him, to cut or remove timber from said land shall utterly cease at the expiration of said five years from the date hereof; provided, that in all cases when the purchasers are acting in good faith and removing the said timber, the Commissioner of Public Lands may extend the time of removal in accordance with the statutes governing, in which event all timber whether standing or fallen, not removed at the expiration of such extension shall revert to and become the property of said State as fully to all intents and purposes as if said extension had not been made.

If the holder permits a timber bill of sale to expire before applying for an extension, departmental policy will prevent its reinstatement unless it can be shown conclusively that
