

*Independent Engineer's Certificate:*

The term "*Independent Engineer's Certificate*" shall mean a certificate conforming to the requirements of §18.06 and signed by an independent engineer acceptable to the Trustee. The acceptance by the Trustee of a Certificate of an independent engineer shall be sufficient evidence that the signer is acceptable to the Trustee.

*Individual Trustee:*

The term "*Individual Trustee*" shall mean Robert P. Howe, one of the parties of the second part hereto, and his successors in the trusts hereunder.

*Initial issue date:*

The term "*initial issue date*", when used without specific reference to Bonds of a particular series, shall mean the actual date on which the first Bonds of the 1975 Series are initially sold or otherwise disposed of for value by the Company.

The term "*initial issue date*", when used with respect to Bonds of any particular series, shall mean the actual date on which the first Bonds of such particular series are initially sold or otherwise disposed of for value by the Company.

*Initial stage of pipe line development:*

The term "*initial stage of pipe line development*" shall mean the purchase, construction, development or other acquisition of such of the facilities, including production property, authorized by the order of the Federal Power Commission dated June 18, 1954, in Docket No. G-1429, granting a Certificate of Public Convenience and Necessity to the Company, as are necessary for or connected with operation of the Pipe Line System at a capacity of 293,000 MCF per day.

*Interest payment date:*

The term "*interest payment date*" shall mean, in respect of Bonds of the 1975 Series, each April 1 and October 1, commencing April 1, 1956, and, in respect of Bonds of any other series, the dates established for the payment of interest thereon as herein provided.
