Pipe and Fittings

- 1 System of pipe and fittings.

Silicate Tank

- 1 12,000 gal. welded steel silicate tank, buried, with filler pipe, vent and concrete foundation and top plate.

Lift Trucks & Battery Chargers

- 1 4000# capacity Type 4024 Clark Carloader 120" lift, 42" forks #NCL481244.
- 1 4000# capacity Type 4024 Clark Carloader 120" lift, 42" fork and side shifter-H-3
- 1 4000# capacity #4024 Clark Carloader 144" lift 42" forks. Serial #CL481898.
- 1 1948 Model 6000# capacity Yale & Towne Work Saver electric lift truck 4" lift #M-6W11-72, 2' x 7' platform & 6TLM-19 exide battery -479 ampere.
- 1 1948 Model 6000# capacity Yale & Towne work saver electric lift truck 4" lift #M-6W11-72, 2' x 7' platform and battery as above.
- 1 Charger for Yale Lift Trucks. Type P-674A-E.P. electric battery charger 128/15 D.C. volts, 101/23 D.C. amps. Serial #59707.
- 1 Conduit wired power connection.
- 1 Steel table for charger.
- 1 Type TLM19 - Exide iron clad 6 cell storage battery 479 amp. hour capacity
- 1 Battery - As above.
- 1 27" x 36" - 2 Gravity roll base steel battery table and hand crank unloader.
- 1 1953 Model 6000# capacity M del BF-40 Air-Mac automatic electric skylift with cushion tires, 144" lift, 42" forks, overhead guard and discharge indicator. Serial #21595.
- 1 Battery Charger (Near Veneer Lathe) - Hertner motor generator charger Type KX-16-540-AH. Serial #66733.
- 1 Iron Base table.
- 1 Model 6RB28B1 - General Electric Tungar battery charger.
- 1 Extra 16 cell 19 plate Model TH-19 lead acid exide batteries, 540 amp.hr.capacity.
- 1 Extra battery as above.
- 1 36 x 36" gravity roll battery table on steel stand and 5' long 2'6" wide, 4 section gravity roll table.
- 1 6000# capacity automatic electric fork lift truck, Type THTF-L. Serial #12128 with cushion tires, 144' lift 42" forks and exide battery, obsolete. Replaced by Model LSF lift truck.
- 1 3500# capacity J35W-948 Yale & Towne jack lift truck 27 x 66" steel bed, 3" lift 9" x 2" and 9" x 5" rubber wheels (1951).

Hand Trucks, Bunks & Pallets

- 59 8000# capacity 3' x 6' platform 4 wheel rubber tired factory trucks.
- 4 60 x 30" all steel factory truck with 2-1/2" rubber tired wheel, 2 rubber tired castors (Glue Section).
- 150 44 x 108" - 7 ply oiled panels caul board.
- 60 48" x 12" high channel iron frame lift truck platform stands, wood center beam.
- 80 60 x 48" - 1/2" plywood top and bottom pallets 3 - 2 x 3" center.
- 240 4 x 4 - 60" Piling bunks.
