

instruments and the references made therein reference is hereby made for a full and complete description of said franchises, privileges, permits, grants, licenses and consents, to the same extent and with the same effect as if said instruments and references therein were set forth in full herein.

## C.

*Oil and Gas Leases*

All of the oil leases, gas leases, leasehold interests thereunder, casing head gas rights and contracts and leases in respect thereto, lands, grants and rights wherever situated which are now owned or hereafter acquired by or for the Company, and all oil or gas wells drilled or to be drilled thereon or thereunder, and also all drive pipe, casing, tubing, derricks, machinery, appliances, equipment, fittings, fixtures and property connected or to be connected therewith.

Without in any manner limiting the generality of the description of oil leases, gas leases, leasehold interests thereunder, and casing-head gas rights and contracts and leases in respect thereto, set out in this *Subdivision C*, all of the leasehold interests of the Company under the leases identified, described and tabulated in "Amendment No. 2 to Exhibit C" annexed hereto and forming a part hereof are hereby included or shall be deemed to be included as forming a part of such description and in amplification thereof, to which instruments and the references made therein reference is hereby made for a full and complete description of said oil leases, gas leases, leasehold interests thereunder, and casinghead gas rights and contracts and leases in respect thereto, to the same extent and with the same effect as if said instruments and references therein were set forth in full herein.

## D.

*Other Property*

Together with all the right, title and interest of the Company now owned or hereafter acquired in and to all lands, real estate, chattels real, surface leases, surface rights, rights-of-way, easements, servitudes, transportation systems, distributing systems, gathering systems, pipe lines, pipe line equipment, pipes, stations, sub-stations, meters,
