Mc-R-159.

o o

In re: Application No. F-3010 by UNITED STATES OF AMERICA, Department of the Interior, Acting by and through the Bonneville Power Administrator, for Right of Way for Electric Transmission Lines over certain State Forest Board Land in Skamania County.

O R D E R  
and  
CERTIFICATE OF GRANT OF  
RIGHT OF WAY  
May 21, 1957

o o

It appearing to the Commissioner pursuant to Sections 5812-1 et seq. Remington's Revised Statutes of Washington and RCW 79.36.150, 79.36.160 & 79.36.170, that Application No. F-3010 has been filed by the United States of America, Department of the Interior, acting by and through the Bonneville Power Administrator (16 U. S. Code 832 et seq.), for a right of way for the construction, operation and maintenance of one or more electric transmission lines through, over and across State Forest Board land hereinafter described; and

It further appearing that the applicant is constructing or proposing to construct, or has heretofore constructed electric transmission lines for the purpose of transmitting electricity for light, heat and power, through, over and across the land; that the land within the right of way applied for is limited to an amount necessary for the purpose required, together with sufficient land on either side thereof for ingress and egress to maintain and repair the electric transmission lines; and

It further appearing that there is no standing timber on the land within two hundred feet on either side of the center line of the right of way which is or shall be dangerous to the operation and maintenance of the electric transmission lines and no improvements on the land within the right of way, and the Board being fully advised in accordance with RCW 79.36.150, 79.36.160 & 79.36.170, it is therefore

ORDERED and DETERMINED: (1) that the appraised value of the State Forest Board land and no improvements within the right of way and no standing timber within two hundred feet on either side of the center line of the right of way be and the same is hereby fixed at THREE HUNDRED FIFTEEN DOLLARS (\$315.00); (2) that said sum, together with the statutory fee, has been paid; (3) that the United States of

America has obtained the right, power, privilege and authority to construct, operate and maintain electric transmission lines, through, over and across the land hereinafter described, together with the right to cut and remove all standing timber on said land within two hundred feet on either side of the center line of said right of way which is or shall be dangerous to the operation and maintenance of the electric transmission lines by complying with the provisions of RCW 79.36.150, 79.36.160 & 79.36.170. (4) that the land within the right of way is described as follows:

Those portions of the N $\frac{1}{2}$  of NE $\frac{1}{4}$  and NW $\frac{1}{4}$  of SW $\frac{1}{4}$  Section 9, Township 2 North, Range 6 East, W. M., included within the limits of a strip of land 300 feet in width and having 212.5 feet of such width on the northwesterly side and 87.5 feet of such width on southeasterly side of the following described line:

Beginning at a point on the north line of said Section 9 which is N 88° 00' 10" W 1303.5 feet from the northeast corner thereof and running thence S 57° 01' 40" W 4592.3 feet to a point on the west line of said Section 9 which is S 3° 00' 00" W 2586.7 feet from the northwest corner thereof, with an area of 8.5 acres as shown on the plat thereof on file in the office of the Commissioner of Public Lands at Olympia, Washington.

SUBJECT, however, to the following conditions:

That the grantee of the easement rights herein agree that its contractors and their assigns, shall be responsible for the existence of any fire hazards on said right of way created wholly or in part by inflammable debris created by their logging or other forest operations, land clearing or right of way clearing, and which by reason thereof is likely to cause or to further the spread of fire; and that until a certificate of clearance has been obtained from the State of Washington its contractors and/or their assigns shall be responsible for any expenses of fire fighting made necessary by reason of such hazard or the spread of fire therefrom in accordance with RCW 76.04.370. The grantee agrees to hold its contractors and/or their assigns responsible for any fire fighting costs from any fire started by their employees, machines or debris-burning fires that may occur on or adjacent to the right of way. All fire fighting costs made necessary by the aforementioned reasons shall be paid promptly by the grantee's contractors and/or their assigns upon demand and the grantee agrees to include in any contract involving the lands included in this easement the above provisions relating to costs and expenses in connection with fire fighting.

The grantee in consideration of this conveyance agrees to fall all snags 15 feet in height and over located on a strip of land 300 feet in width and having 150 feet of such width on each side of the center line of the above described right of way.

(5) that the Commissioner reserves unto the State of Washington its successors or assigns, the right to cross this right of way at any and all times in connection with the use of the adjoining land, and should the United States of America ever abandon the use of the right of way for the purposes for which it was granted, the right of way

APPROVED 9-9-57

Oliver M. Hansen

Law Clerk

shall revert to the State of Washington or its grantees.

Dated this 21st day of May A. D. 1957
