R.H.

The exact location of the road, upon construction, is hereby deemed accepted by the Grantor.

The Grantor reserves to itself, its successors and assigns, the right to cross and recross the said strip of land at any place on grade or otherwise by any means and for an purpose and to use, maintain, patrol and reconstruct said road for any purpose in such a manner as not to unreasonably interfere with the use of said roadway by the Government or its authorized users, or cause substantial injury thereto; Provided, That during periods when Grantor, its successors or assigns use said road it will perform its share of road maintenance on the portion so used, or shall contribute to the cost of said maintenance, so that its proportionate share (based on the ratio that its hauling in MBF bears to the total MBF hauled) of the cost of maintaining said road to the extent necessary to restore said road to the condition existing at the start of the use will be paid or performed.

In making any determination respecting use by the general public as provided herein, or if members of the general public use the road without right or permission, it is understood that the Government is not assuming any liability which would not otherwise exist aside from the terms of this agreement.

The rights, privileges and authorities herein granted shall continue as long as used for the purposes granted but if for a period of 5 years the Government shall cease to use the rights, privileges and authorities for the purposes granted or shall abandon the use of the easement herein granted then, in any such event, the Grantor may terminate this easement and all rights hereunder shall revert to the holder of the fee title to the lands.

IN WITNESS WHEREOF, the Grantor has caused this instrument to be executed by its duly authorized officers and its corporate seal to be hereunto affixed this 19th day of November, 1957.
