and most successful approach for the promotion of effective communication. A lot of the study report has been focused on the issue of promotion of club management. Whereas other countries have got a lot of success in this aspect, yet our country is one of the least ranking countries in this area, and there is a need to improve the present situation. In India, the government has taken a number of measures to promote sports, but it is still far from the mark. There is a need to increase the awareness of sports and sports management among the students. The sports management courses must be introduced in the government and private universities at least once, and moreover, it is also required to offer more sports related subjects.

The aspects of the sports management can be divided into three main categories. These are the sports administration, sports development, and sports marketing.

In sports administration, the sports management deals with the organization of sports activities, such as the registration of players, the selection of teams, the preparation of the

players, the selection of coaches, the training of players, the selection of officials, and the organization of tournaments. In the sports development, the sports management deals with the promotion of sports, the encouragement of young talents, the organization of sports camps, the organization of sports competitions, and the organization of sports events.

In sports marketing, the sports management deals with the promotion of sports, the organization of sports events, the organization of sports competitions, and the organization of sports tournaments.

**Section 2.** The Company covenants that, if it shall appoint a paying agent other than the Corporate Trustee, it will cause such paying agent to execute and deliver to the Trustees an instrument in which such agent shall agree with the Trustees, subject to the provisions of this Section 2 (1) that such paying agent shall hold in trust for the benefit of the Trustees or the holders of the bonds outstanding under this Indenture all sums held by such paying agent for the payment of the principal of or interest on said bonds (and premium, if any); and (2) that such paying agent shall give the Trustees notice of default by any obligor on said bonds in the making of any such payment. Such agent shall not be obligated to segregate such sums except to the extent required by law. The Company further covenants that if it acts as its own paying agent it will, on or before each due date of each installment of principal of or interest on said bonds, set aside and segregate and hold in trust for the benefit of the holders of said bonds a

sum sufficient to pay such principal or interest as becomes due (and premium, if any) and will notify the Trustees of such action or of any failure to take such action.

as set forth in the certificates or opinions required by this subsection (b), i.e. ten per centum (10%) or more of the aggregate principal amount of the bonds at the time outstanding, such certificate or opinion shall be made by an independent engineer and, to the sum of the authentication and delivery of bonds shall cover the fair value to the Company of all other such securities as described above the commencement of the current calendar year to which a certificate or opinion of an independent engineer has not previously been furnished; but such a certificate of an engineer or engineer shall not be required with respect to any securities deposited if the fair value thereof to the Company is not less than twenty-five thousand dollars (\$25,000) or less than one per centum (1%) of the aggregate principal amount of the bonds at the time outstanding; and

**Section 6.** Notwithstanding any other provision of this Indenture, the right of any holder of any bond outstanding under this Indenture to receive payment of the principal and interest on such bond, on or after the respective due dates expressed in such bond, or to institute suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such holder, except that no such holder may institute any such suit if and to the extent that the institution or prosecution thereof or the entry of judgment therein would under applicable law result in the surrender, impairment, waiver or loss of the lien of this Indenture upon any property subject to such lien.

**Section 7.** For the purposes of this Indenture, in determining whether the holders of the required percentage of the principal amount of bonds have concurred in any consent, direction or authorization, bonds held by the Trustees for the account of any sinking fund under this Indenture or owned by the Company or by any other obligor on the bonds or owned by any person directly or indirectly controlling or controlled by or under direct or indirect common control with the Company or any such other obligor, shall be disregarded, except that for the purpose of determining whether the Trustees shall be protected in relying upon any such consent, direction or authorization only bonds which the Trustees know are so held or owned shall be disregarded, and bonds so owned which have been pledged in good faith may be regarded as outstanding if the pledgee shall establish to the satisfaction of the Trustees that the pledgee has the right to vote such bonds and that such pledgee is not a person directly or indirectly controlling or controlled by or under direct or indirect common control with the Company or any other obligor on the bonds. In case of a dispute as to such right any decision by the Trustees taken upon the advice of counsel shall be full protection to the Trustees, subject to Sections 2 and 3 of Article XIX hereof.

**Section 8.** Any court may in its discretion require in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustees for any action taken or omitted by them as Trustees, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion award reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits

and good faith of the claims or defenses made by such party litigant; but the provisions of this Section 8 shall not apply to any suit instituted by the Trustees, to any suit instituted by any bondholder, or group of bondholders, holding in the aggregate more than 10 per centum in principal amount of the bonds outstanding (determined as provided in Section 7 of this Article) or to any suit instituted by any bondholder for the enforcement of the payment of the principal of or interest on my bond, on or after the respective due dates expressed in such bond.

SECTION 9. If any provision of this Indenture limits, qualifies, conflicts or is inconsistent with any other provision hereof which is required or permitted to be included herein by any of Sections 310 to 318, both inclusive, of the Trust Indenture Act of 1939, such limiting, qualifying, conflicting or inconsistent provision shall be superseded and replaced by such required or permitted provision and such required or permitted provision shall control. Except as otherwise specifically provided herein, the term "Trust Indenture Act of 1939" as used in this Section 9 or elsewhere in this Indenture shall mean such act in the form in which it is in effect from time to time.

## ARTICLE XIX

### ADDITIONAL OR AMENDED PROVISIONS CONCERNING THE TRUSTEE

SECTION 1. Notwithstanding anything to the contrary contained in this Indenture, the Corporate Trustee shall at all times be a corporation organized and doing business under the laws of the United States of America or of any State or Territory thereof or of the District of Columbia which (A) is authorized under such laws to exercise corporate trust powers and (B) is subject to supervision or examination by Federal, State, Territorial or District of Columbia authority. The Corporate Trustee shall have at all times a combined capital and surplus of not less than \$2,000,000. If the Corporate Trustee publishes reports of condition at least annually, pursuant to the law or to the requirements of said supervising or examining authority, then for the purposes of this Section 1 the combined capital and surplus of the Corporate Trustee shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

**Section 2.** The Trustees undertake, prior to an event of default, and after the curing (or waiver in accordance with the terms of this Indenture) of all events of default which may have occurred, to perform such duties and only such duties as are specifically set forth in this Indenture, and in case of an event of default (which has not been cured or so waived) to exercise such of the rights and powers vested in it by this Indenture, and to use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

The Trustees, upon receipt of evidence furnished to them by or on behalf of the Company pursuant to any provision of this Indenture, will examine the same to determine whether or not such evidence conforms to the requirements of this Indenture.

**Section 3.** No provision of this Indenture shall be construed to relieve the Trustees, or either of them, from liability for their own negligent action, their own negligent failure to act, or their own wilful misconduct, except that

(a) Prior to an event of default under this Indenture and after the curing (or waiver in accordance with the terms thereof) of all events of default which may have occurred, the Trustees shall not be liable except for the performance of such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustees, or either of them, but the duties and obligations of the Trustees, prior to an event of default and after the curing or such waiver of all events of default which may have occurred, shall be determined solely by the express provisions of this Indenture; and

(b) Prior to an event of default under this Indenture and after the curing or such waiver of all events of default which may have occurred, and in the absence of bad faith on the part of the Trustees, the Trustees may exclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions conforming to the requirements of this Indenture; and

(c) The Trustees shall not be personally liable for any error of judgment made in good faith by the individual Trustee or, in the case of the Corporate Trustee, by a responsible officer or off-

cers of the Corporate Trustee unless it shall be proved that such trustee was negligent in ascertaining the pertinent facts; and

(d) The Trustees, or either of them, shall not be personally liable with respect to any action taken or omitted to be taken by them, or either of them, in good faith in accordance with the direction of the holders of not less than a majority in principal amount of the bonds at the time outstanding under this Indenture (determined as provided in Section 7 of Article XVIII hereof), relating to the time, method, and place of conducting any proceeding for any remedy available to the Trustees, or either of them, or exercising any trust or power conferred upon the Trustees, or either of them, under this Indenture.

**Section 4.** To the extent permitted by Sections 2 and 3 of this Article:

(1) The Trustees may rely and shall be protected in acting upon any resolution, certificate, opinion, notice, request, consent, order, appraisal, report, bond, or other paper or document believed by them to be genuine and to have been signed or presented by the proper party or parties;

(2) The Trustee may consult its counsel and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by them hereunder in good faith and in accordance with the opinion of said counsel; and

(3) The Trustee shall be under no obligation to exercise any of the trusts or powers herein at the request, order or direction of any of the bondholders, pursuant to the provisions of this Indenture, unless such bondholders shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which may be incurred thereon or thereby.

**Section 5.** If the Corporate Trustee or the Individual Trustee has or shall acquire any conflicting interest as herein after defined, (i) the Corporate Trustee or the Individual Trustee, as the case may be, shall within 90 days after ascertaining that it has such conflicting interest, either eliminate such conflicting interest or resig-

such resignation to become effective upon the appointment of a successor trustee and such successor's acceptance of such appointment and the Company shall take proper steps to have a successor appointed in the manner provided in the Indenture; (ii) in the event that the Corporate Trustee or the Individual Trustee, as the case may be, shall fail to comply with the provisions of the foregoing clause (i), such trustee shall within ten days after the expiration of such 90-day period, transmit notice of such failure to the holders of the bonds outstanding under the Indenture in such manner and to the extent provided in subsection (e) of Section 4 of Article XVII hereof; and (iii) subject to the provisions of Section 8 of Article XVIII hereof, any holder of any of said bonds who has been a bona fide holder thereof for at least six months may on behalf of himself and other similarly situated petition any court of competent jurisdiction for the removal of the Corporate Trustee or the Individual Trustee, as the case may be, and the appointment of a successor, if such trustee fails after written request therefor by such holder to comply with the provisions of the foregoing clause (i). For the purposes of this Section 5 the Corporate Trustee or the Individual Trustee, as the case may be, shall be deemed to have a conflict of interest if:

(1) such trustee is trustee under another indenture under which any other securities, or certificates, or interest or participation in any other securities, of the Company are outstanding, unless such other indenture is a collateral trust indenture under which the only collateral consists of bonds issued under this Indenture, provided that there shall be excluded from the operation of this paragraph another indenture or indentures under which other securities, or certificates or interest or participation in other securities, of the Company are outstanding, if the Company shall have sustained the burden of proving, on application to the Securities and Exchange Commission and after opportunity for hearing thereon, that the trusteehip under this Indenture and such other indenture is not so likely to involve a material conflict of interest as to make it necessary in the public interest or for the protection of investors to disqualify such trustee from acting as such under one of such indentures;

(2) such trustee or, in the case of the Corporate Trustee, any of its managers or executive officers is an obligor upon any of the

bonds outstanding under this Indenture or an underwriter for such an obligor;

(3) such trustee directly or indirectly controls or is directly or indirectly controlled by or is under direct or indirect common control with the Company or an underwriter for the Company;

(4) such trustee or, in the case of the Corporate Trustee, any of its directors or executive officers is a director, officer, partner, employee, appointee or representative of the Company, or of an underwriter (other than such trustee itself) for the Company who is currently engaged in the business of underwriting, except that (A) one individual may be a director and/or an executive officer of the Corporate Trustee and a director and/or an executive officer of the Company, but may not be at the same time an executive officer of both the Corporate Trustee and the Company; (B) if and so long as the number of directors of the Corporate Trustee in office is more than nine, one additional individual may be a director and/or an executive officer of the Corporate Trustee and a director of the Company; and (C) the Corporate Trustee may be designated by the Company or by any underwriter for the Company to act in the capacity of transfer agent, registrar, paying agent, fiscal agent, escrow agent or in any other capacity or, subject to the provisions of the preceding paragraph, liquidating agent, to act as trustee under an indenture, otherwise;

(5) 10 per centum or more of the voting securities of the Corporate Trustee is beneficially owned either by the Company or by any director, partner or executive officer thereof, or 20 per centum or more of such voting securities is beneficially owned, collectively, by any two or more of such persons; or 10 per centum or more of the voting securities of the Corporate Trustee is beneficially owned either by an underwriter for the Company or by any director, partner or executive officer thereof, or is beneficially owned, collectively, by any two or more such persons;

(6) such trustee is the beneficial owner of or holds as collateral security for an obligation which is in default as hereinafter defined. (A) 5 per centum or more of the voting securities or 10 per centum or more of any other class of security of the Company,

not including the bonds outstanding under this Indenture and securities issued under any other indenture under which such trustee is also trustee, or (B) 10 per centum or more of any class of security of an underwriter for the Company;

(7) such trustee is the beneficial owner of, or holds as collateral security for an obligation which is in default as hereinafter defined, 5 per centum or more of the voting securities of any person who, to the knowledge of such trustee, owns 10 per centum or more of the voting securities of, or control directly or indirectly or is under direct or indirect common control with, the Company;

(8) such trustee is the beneficial owner of, or holds as collateral security for an obligation which is in default as hereinafter defined, 10 per centum or more of any class of security of any person who, to the knowledge of such trustee, owns 50 per centum or more of the voting securities of the Company; or

(9) such trustee owns on May 15th in any calendar year in the capacity of executor, administrator, testamentary or inter vivos trustee, guardian, committee or conservator, or in any other similar capacity, an aggregate of 25 per centum or more of the voting securities or of any class of security, of any person, the beneficial ownership of a specified percentage of which would have constituted a conflicting interest under the immediately preceding paragraphs (6), (7), or (8) hereof. As to any such securities of which such trustee acquired ownership through becoming executor, administrator or testamentary trustee of an estate which included them, the provisions of the preceding sentence shall not apply for a period of two years from the date of such acquisition, so long as such securities included in such estate do not exceed 25 per centum of such voting securities or 25 per centum of any such class of security. Promptly after May 15th, in each calendar year, such trustee shall make a check of its holdings of such securities in any of the above-mentioned capacities as of May 15th. If the Company or any other obligor fails to make payment in full of principal of or interest (or premium, if any) on any of the bonds when and as the same become due and payable, and such failure continues for thirty days thereafter, such trustee shall make a prompt check of its holdings of such securities in any of the above-mentioned capacities as of the date of the expiration of such thirty

day period and after such date, notwithstanding the foregoing provisions of this paragraph, all such securities so held by said trustee, with sole or joint control over such securities vested in it, shall, but only so long as such failure shall continue, be considered as though beneficially owned by such trustee for the purposes of the immediately preceding paragraphs (6), (7), and (8) hereof.

The specifications of percentages in the immediately preceding paragraphs (6) to (9), inclusive, hereof shall not be construed as indicating that the ownership of such percentages of the securities of a person is or is not necessary or sufficient to constitute direct or indirect control for the purposes of the foregoing paragraphs (3) or (7) of this Section 6.

For the purposes of the foregoing paragraphs (6), (7), (8), and (9) only, (A) the terms "security" and "securities" shall include only such securities as are generally known as corporate securities, but shall not include any note or other evidence of indebtedness issued to evidence an obligation to repay money lent to a person by one or more banks, trust companies or banking firms, or any certificate of interest or participation in any such note or evidence of indebtedness; (B) an obligation shall be deemed to be in default when a default in payment of principal shall have continued for ninety days or more and shall not have been cured; and (C) the Corporate Trustee or the Indenture Trustee, as the case may be, shall not be deemed to be the owner or holder of (i) any security which it holds as collateral security for trustee or otherwise for an obligation which is not in default as above defined, or (ii) any security which it holds as collateral security under the Indenture, in the case of any default under the Indenture, or (iii) any security which it holds as agent for collection, or as custodian, receiver agent or depository, or in any similar representative capacity.

The percentage of voting securities and other securities specified in this Section 3 shall be calculated in accordance with the following provisions:

- (i) A specified percentage of the voting securities of the Corporate Trustee, the Company, or any other person referred to in this Section 3 (each of whom is referred to as a "person" in this paragraph) means such amount of the outstanding voting securities of such person as entitles the holder or holders thereof

*In and such specified percentage of the aggregate votes which the holders of all the outstanding voting securities of such person are entitled to cast in the direction or management of the affairs of such person.*

(b) A specified percentage of a class of securities of a person means such percentage of the aggregate amount of securities of such class outstanding.

(c) The term "amount", when used in regard to securities, means the principal amount if relating to evidences of indebtedness, the number of shares if relating to capital shares, and the number of units if relating to any other kind of security.

(d) The term "outstanding" means issued and not held by or for the account of the issuer. The following securities shall not be deemed outstanding within the meaning of this definition:

(1) Securities of an issuer held in a sinking fund relating to securities of the issuer of the same;

(2) Securities of an issuer held in a sinking fund relating to another class of securities of the issuer, if the obligation evidenced by such other class of securities is not in default as to principal or interest or otherwise;

(3) Securities pledged by the issuer thereof as security for an obligation of the issuer not in default as to principal or interest or otherwise;

(4) Securities held in escrow if placed in escrow by the issuer thereof;

provided, however, that any voting securities of an issuer shall be deemed outstanding if any person other than the issuer is entitled to exercise the voting rights thereof.

(e) A security shall be deemed to be of the same class as another security if both securities confer upon the holder or holders thereof substantially the same rights and privileges, provided, however, that, in the case of secured evidences of indebtedness, all of which are issued under a single indenture, differences in the interest rates or maturity dates of various series thereto shall not be deemed sufficient to constitute such series different classes, and

provided, further, that, in the case of unsecured evidences of indebtedness, difference in the interest rates or maturity dates thereof shall not be deemed sufficient to constitute them securities of different classes, whether or not they are issued under a single indenture.

For the purposes of this Section 5, the term "underwriter" when used with reference to the Company means every person, who, within three years prior to the time as of which the determination is made, has purchased from the Company with a view to, or has offered or sold for the Company in connection with, the distribution of any security of the Company outstanding at such time, or has participated or has had a direct or indirect participation in any such undertaking, or has participated or has had a participation in the direct or indirect underwriting of any such undertaking, but such term shall not include a person whose interest was limited to a commission from an underwriter or dealer not in excess of the usual and customary distributor's or sellers' commission.

The Company covenants and agrees that the provisions of this Section 5 shall at all times be observed and complied with.

Section 6. (a) Subject to the provisions of subsection (b) of this Section 6, if the Corporate Trustee or the Individual Trustee shall be or shall become a creditor, directly or indirectly, secured or unsecured, of the Company (or any other obligor on the bonds) within four months prior to a default (as defined in the last paragraph of this subsection), or subsequent to such a default, then, unless and until such default shall be cured, the Corporate Trustee or the Individual Trustee, as the case may be, shall set apart and hold in a special account for the benefit of such trustee individually, the holders of the bonds, and the holders of other indenture securities (as defined in the last paragraph of this subsection).

(1) an amount equal to any and all reductions in the amount due and owing upon any claim as such creditor in respect of principal or interest effected after the beginning of such four months' period and valid as against the Company (or any other obligor on the bonds) and its other creditors, except any such reduction resulting from the receipt or disposition of any property described in paragraph (2) of this subsection or from the exercise of any

relating thereto which such trustee could have exercised if a petition for bankruptcy had been filed by or against the Company (or any other person holding bonds) upon the date of such defaults; and

(B) all property received in respect of any claim as such trustee, and as security therefor, or in satisfaction or composition thereof, or otherwise after the beginning of such four months' period, as an amount equal to the proceeds of any such property received of, subject, however, to the rights, if any, of the Company (or any other obligor on the bonds) and its other creditors in such property or such proceed.

Nothing herein contained, however, shall affect the right of the Corporate Trustee or of the Individual Trustee as the case may be,

(A) to retain for its own account (i) payments made on account of any such claim by any person (other than the Company) who is liable thereon, and (ii) the proceeds of the bona fide sale of any such claim by such trustee to a third person, and (iii) distributions made to cash, securities, or other property in respect of claims filed against the Company in bankruptcy or receivership or in proceedings for reorganization pursuant to the Bankruptcy Act or applicable State law;

(B) to realize, for its own account, upon any property held by it as security for any such claim, if such property was so held prior to the beginning of such four months' period;

(C) to realize, for its own account, but only to the extent of the claim hereinafter mentioned, upon any property held by it as security for any such claim, if such claim was created after the beginning of such four months' period and such property was received as security therefor simultaneously with the creation thereof, and if such trustee shall sustain the burden of proving that at the time such property was received such trustee had no reasonable cause to believe that a default as defined in the last paragraph of this subsection might occur within four months; or

(D) to receive payment on any claim referred to in paragraph (B) or (C), against the release of any property held as security for such claim as provided in paragraph (B) or (C), as the case may be, to the extent of the fair value of such property.

For the purposes of paragraphs (B), (C), and (D), property substituted after the beginning of such four months' period for property held as security at the time of such substitution shall, in the event of the fair value of the property released, have the same status as the property released, and, to the extent that any claim referred to in any of such paragraphs is created in renewal of or in substitution for or for the purpose of repaying or reducing any pre-existing claim of such trustee as such creditor, such claim shall have the same status as such pre-existing claim.

If the Corporate Trustees or the Individual Trustees shall be required to account, the funds and property held in such account and the proceeds thereof shall be apportioned between the trustee, the bondholders, and the holders of other indenture securities in such manner that such trustee, the bondholders, and the holders of other indenture securities realize, as a result of payments from such special account and payments of dividends on claims filed against the Company in bankruptcy or receivership or in proceedings for reorganization pursuant to the Bankruptcy Act or applicable State law, the same percentage of their respective claims, figured before crediting to the claim of such trustee anything on account of the receipt by it from the Company of the funds and property in such special account and before crediting to the respective claims of such trustee, the bondholders, and the holders of other indenture securities dividends or claims filed against the Company in bankruptcy or receivership or in proceedings for reorganization pursuant to the Bankruptcy Act or applicable State law, but after crediting thereon receipts on account of the indebtedness represented by their respective claims from all sources other than from such dividends and from the funds and property so held in such special account. As used in this paragraph with respect to any claim, the term "dividends" shall include any distribution with respect to such claim, in bankruptcy or receivership or in proceedings for reorganization pursuant to the Bankruptcy Act or applicable State law, whether such distribution is made in such securities, or other property, but shall not include any such distribution with respect to the accrued portion, if any, of such claim. The court in which such bankruptcy, receivership, or proceeding for reorganization is pending shall have jurisdiction (i) to apportion between such trustee, the bondholders, and the holders of other indenture securities in accordance with the provisions of this paragraph, the funds and

property held in such special account and the property thereof, or (ii) all or any part of such apportionment, in whole or in part, to the extent of the provisions of this paragraph. One consideration in determining the amount of the claim holding to be paid to each trustee, the bondholders, and the holders of other indenture securities, with respect to such corporation, shall be, in which event it shall not be necessary to multiply by the value of any securities or other property held in such apportionment or as security for any such claim, or paid in payment of such claim, or such distribution, as between the several and individual portions of such claims, or otherwise to apply the provisions of this paragraph as a mathematical formula.

Any regular withdrawal, resignation or being removed after the beginning of each four months' period shall be subject to the provisions of this section, even though such resignation or removal had not occurred if such trustee has resigned or been removed prior to the beginning of such four months' period, it shall be subject to the provisions of this section, even though the following conditions exists:

(a) the receipt of property or reduction of claim which would have given rise to the obligation to negotiate, if such trustee had continued in office, occurred after the beginning of such four months' period; and

(b) such receipt of property or reduction of claim occurred within four months after such resignation or removal.

In addition thereto, the term "default" means any failure to make payment in full of the principal of an interest upon the bonds or trust or other indenture securities when and as such principal or interest becomes due and payable; and the term "other indenture securities" means securities upon which the Company is an obligor (as defined in the Trust Indenture Act of 1939) outstanding under any other indenture for under which the Corporate Trustee or the Individual Trustee, as the case may be, is also trustee, (b) which contains language substantially similar to the provisions of this subsection, and for which which a default exists at the time of the apportionment, except that property held in such special account.

Notwithstanding the above, the term "default" shall be excluded from the operation of subsection (a) of this section in relation to existing relationship arising from

(1) the ownership or acquisition of securities issued under any indenture, or any security or securities having a maturity of one year or more at the time of acquisition by the Corporate Trustee, or the Individual Trustee, as the case may be;

(2) advances authorized by a receivership or bankruptcy court of competent jurisdiction or by this Indenture for the purpose of preserving the property subject to the lien of this Indenture or of discharging tax liens or other prior liens or encumbrances on the trust estate, if notice of such advance and of the circumstances surrounding the making thereof is given to the bondholders as provided in subsections (a), (b) and (c) of Section 4 of Article XVII hereof with respect to advances by the Corporate Trustee as such;

(3) disbursements made in the ordinary course of business in the capacity of trustee under an indenture, transfer agent, registrar, custodian, paying agent, fiscal agent or depositary, or other similar capacity;

(4) an indebtedness created as a result of services rendered or premises rented; or an indebtedness created as a result of goods or securities sold in a cash transaction as defined in the last paragraph of this subsection;

(5) the ownership of stock or of other securities of a corporation organized under the provisions of Section 21 (n) of the Federal Reserve Act, as amended, which is directly or indirectly a creditor of an obligor upon the bonds; or

(6) the acquisition, ownership, acceptance or negotiation of any drafts, bills of exchange, acceptances or obligations which fall within the classification of selfliquidating paper as defined in the last paragraph of this subsection.

As used in this subsection (b), the term "security" shall have the meaning assigned to such term in the Securities Act of 1933, as amended and in force on the date of the qualification of this Indenture under the Trust Indenture Act of 1939; the term "cash transaction" shall mean any transaction in which full payment for goods or securities sold is made within seven (7) days after delivery of the goods or securities in currency or in checks or other orders drawing upon banks

be bankers and payable upon demand; the term "self-liquidating paper" shall mean any draft, bill of exchange, acceptance or obligation which is made, drawn, negotiated or incurred by an obligor upon the bonds for the purpose of financing the purchase, processing, manufacture, shipment, storage or sale of goods, wares or merchandise and which is secured by documents of title to, possession of or a lien upon the goods, wares or merchandise or the receivables or proceeds arising from the sale of the goods, wares or merchandise previously constituting the security, provided the security is received by the Corporate Trustee or the Individual Trustee, as the case may be, simultaneously with the creation of the creditor relationship with such obligor arising from the making, drawing, negotiating or incurring of the draft, bill of exchange, acceptance or obligation.

**SECTION 7.** The Corporate Trustee shall, within 90 days after the occurrence thereof, give to the bondholders in the manner and to the extent provided in subsection (c) of Section 4 of Article XVIII hereof, notice of all defaults known to the Trustees, or either of them, unless such defaults shall have been cured before the giving of such notice (the term "default" for the purposes of this Section 7 being hereby defined to mean any event which is, or after notice or lapse of time would become, an event of default); provided that, except in the case of default in the payment of the principal of or interest on any of the bonds, or in the making of any sinking fund payment or payments, the Corporate Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors and/or responsible officers, of the Corporate Trustee in good faith determine that the withholding of such notice is in the interests of the bondholders.)

**SECTION 8.** The holders of not less than a majority in principal amount of bonds at the time outstanding under the Indenture, determined in accordance with the provisions of Section 7 of Article XVIII hereof, may (a) direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustees, or (b) on behalf of the holders of all of said outstanding bonds, consent to the waiving of any past default and its consequences.

SECTION 9. In the case of a default in payment of the principal of any bond, when the same shall become due and payable, or in the case of a default in the payment of interest on any bond for a period of thirty days after such interest shall have become due and payable, the Trustees may recover judgment, in their own names and as trustees of an express trust, against the Company for the whole amount of such principal and interest remaining unpaid, together with interest upon the overdue principal, if any, and upon overdue installments of interest, if any, at the rates specified in said respective bonds.

The Trustees may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustees and of the Bondholders allowed in any judicial proceedings relative to the Company or its creditors or its property.

Section 10. The provisions of this Indenture permitting the Trustees to accept or rely upon information, opinion, certificate or other document or evidence of any kind, and the duty or power of the Trustees in action or in the performance of their duties under this Indenture, shall not be construed as otherwise granting to the Trustees the right to act in accordance with respect to any such information, opinion, certificate or other document or evidence, or as limiting the right of the Trustees to make any express or implied or oral representations in the exercise of Sections 2 and 3 of Article XIX of
