Washington Indemnity Selection

It is hereby certified that the lands described in this List No. ~~225~~ 228 are embraced in the original lists on file in this Bureau, of the lands selected by the State of Washington, pursuant to the laws of the State, in the Washington Land District, as indemnity for losses in the sections and townships named, which school land indemnity selections are authorized by the acts of Congress cited.

It is further certified that the description of land reported lost or deficient in this List and those selected in lieu thereof have been examined and compared with the township plats and tract books in the Land Office; that the indemnity lands claimed have been properly due the townships for which they were selected, and the selected lands are shown to be subject to such selection, being surveyed public lands within the meaning of 43 U.S.C. 851 and 852 and within the limits of the State and free from adverse claims of record. Reports have been received indicating that the selected lands are not valuable for minerals either metalliferous or nonmetalliferous.

The selected lands are not affected by any withdrawal adverse to this selection.

Therefore, and pursuant to Order No. 684 of August 28, 1961, (26 F.R. 8216), as amended March 7, 1962, (27 F.R. 2417), this list embracing 800.00 acres is hereby approved subject to valid existing rights at date of selection; but excepting and reserving to the United States rights-of-way over and across the lands for ditches and canals constructed by the authority of the United States, as directed and required by the Act of Congress approved August 30, 1890, (26 Stat. 391).

For the Director

Chief, Patents Section

I, W. F. Meek, certify that the foregoing is a true and comparative copy of this official record on file in the Spokane, Washington, Land Office, Bureau of Land Management.
