Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a video screen. The screen displays a target (a small circle) and a starting point (a larger circle). The subject's hand is positioned at the starting point. The distance between the starting point and the target is labeled as d . The subject is instructed to move their hand from the starting point to the target. The video screen is connected to a computer system that records the hand's position and movement time.

[Faint handwritten notes and bleed-through from the reverse side of the page are visible.]

Figure 1. The effect of the concentration of the initiator on the polymerization of α -methylstyrene in the presence of SnCl_4 at 0°C . The concentration of α -methylstyrene was 0.1 mol/L , and the concentration of SnCl_4 was 0.005 mol/L . The polymerization was carried out for 10 min.
