

pooled area bears to the amount of the surface acreage of the entire pooled area. Nothing herein contained shall authorize or effect any transfer of any title to any leasehold, royalty or other interest pooled pursuant hereto. The commencement of a well, the conduct of other drilling operations, the completion of a well or of a dry hole, or the operation of a producing well on the pooled area, shall be considered for all purposes (except for royalty purposes) the same as if said well were located on, or such drilling operations were conducted upon, the lands covered by this lease whether or not such well is located upon, or such drilling operations are conducted upon, said lands. Lessee may terminate any pooling effected pursuant hereto at any time which the pooled area is not producing and no drilling operations are being conducted thereon by executing and filing of record in the county or counties in which the pooled area is located a written declaration of the termination of such pooling, provided that the pooling of all interests not covered by this lease which comprise a part of such pooled unit be also terminated in some effective manner.

Lessee shall have the right to so, free of cost, oil, gas and water produced on said land for operations thereon except water from wells or lessee. Lessee shall have the right to draw and remove casing, including the right to draw and remove casing. No part of the surface of the leased premises shall, without the written consent of lessee, be let, granted or licensed by lessor to any other party for the location, construction or maintenance of structures, tanks, pits, reservoirs, equipment, or machinery to be used for the purpose of exploring, developing or operating adjacent lands for oil, gas or other minerals.

Lessee shall bury below plow depth its pipe lines on the leased premises when requested by a lessor owning an interest in the surface. No well shall be drilled nearer than 200 feet to any house or barn now on said premises without the written consent of the owner of the surface on which such house or barn is located. Lessee shall pay for damages to growing crops caused by its operations on said lands.

Lessor hereby warrants and agrees to defend the title to the lands herein described, but if the interest of lessor covered by this lease is expressly stated to be less than the entire fee or mineral estate, lessor's warranty shall be limited to the interest so stated. Lessee may purchase or lease the rights of any party claiming any interest in said land and exercise such rights as may be obtained thereby. If lessee shall not satisfy any forfeiture nor incur any liability to lessor by reason thereof, Lessee shall have the right at any time to pay for lessor, any mortgage, taxes or other lien on said lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder thereof, and any such payments made by lessee for lessor may be deducted from any amounts of money which may become due lessor under this lease.

All express provisions and implied covenants of this lease shall be subject to all applicable laws, governmental orders, rules and regulations. This lease shall not be terminated in whole or in part, nor lessee held liable in damages because of a temporary cessation of production or of drilling operations due to breakdown of equipment or due to the repairing of a well, or because of failure to comply with any of the express provisions or implied covenants of this lease if such failure is the result of the exercise of governmental authority, war, armed hostilities, lack of market, act of God, strike, civil disturbance, fire, explosion, flood or any other cause reasonably beyond the control of lessee.

This lease and all provisions thereof shall be applicable to and binding upon the parties and their respective successors and assigns. Reference hereinafter to lessor and lessee shall include reference to their respective successors and assigns. Should any one or more of the parties named above as lessor not execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

See EXHIBIT "B" which is attached hereto and made a part of this Oil and Gas Lease.

IN WITNESS WHEREOF, this lease is executed as of the day and year first above written.

EXHIBIT "B"

BOOK 1419

BOOK

This EXHIBIT "B" is attached hereto and made a part of this Oil and Gas Lease dated the 30th of July, 1979, by and between Walter G. Thomson and Minnie J. Thomson, husband and wife, as Lessors, and American Quasar Petroleum Co. of New Mexico, as Lessee, to wit:

Lessee acknowledges that the lands covered by this Oil and Gas Lease are held by Lessor for the primary purpose of growing timber thereon, and cutting, removing or otherwise utilizing the same from time to time. Lessee will conduct its operations hereunder so as not to interfere unreasonably with Lessor in the operation of Lessor's business, and Lessee will build and use only such roads as are reasonably necessary to conduct its operations under the lease, such roads to be built and used in such a manner so as to avoid, insofar as possible, disturbance of Lessor's growing timber and operations. Lessee agrees to notify Lessor and obtain Lessor's approval prior to construction of any such roads, or the commencement of its operations on said lands. However, Lessor's approval shall not be withheld unreasonably.

Lessee will provide at Lessee's expense all necessary protective measures to prevent any loss or damage to the property of the Lessor herein described on account of any operations conducted by Lessee, including protection for pipeline and telephone lines.

Lessee will pay for all damages to Lessor's timber, pulpwood, sawlogs, trees, forest growth (standing, cut or fallen) or other properties of any kind, but not by way of limitation, damage caused by forest fire originating on the leased property, or any adjacent and contiguous premises under the direct control of, or being actively operated by, Lessee.

Timber which is eighty (80) years of age, or greater, shall be deemed mature. Any damage to younger timber shall be calculated as follows:

$$\frac{80\text{-age of damaged tree} \times 1000 \text{ board ft} \times \text{FWU}}{80}$$

Lessor shall designate the location for decking marketable logs and proper lengths to be bucked. Lessee will promptly notify Lessor's nearest fire crew of, and will use its best efforts to extinguish, any fire which may result from Lessee's operations. Pits and excavations made during Lessee's operations on said lands will be filled and the surface restored by Lessee, as nearly as reasonably possible, to its original condition, and if Lessee shall fail to do so, the cost to Lessor of such filling and restoration shall be paid to Lessor by Lessee. Such restorations to be made within six (6) months after Lessee's operations have been fully terminated.
