TRANSMISSION LINE EASEMENT

The GRANTOR, herein so styled whether one or more, BROUGHTON LUMBER CO., a Washington corporation,

for and in consideration of the sum of - FIFTEEN THOUSAND SIX HUNDRED -

- Dollars (\$ 15,600.00),

in hand paid by the UNITED STATES OF AMERICA, ~~receipt of which is hereby acknowledged~~, hereby grants, bargains, sells and conveys to the UNITED STATES OF AMERICA and its assigns, a perpetual easement and right to enter and erect, maintain, repair, rebuild, operate and patrol one line(x) of electric power transmission structures and appurtenant signal lines, including the right to erect such poles, transmission structures, wires, cables and appurtenances as are necessary thereto, in, over, upon and across the following-described parcel of land in the County of Skamania in the State of Washington, to-wit:

As shown on Exhibit "A" attached hereto and by reference made a part hereof.

The rights granted herein include all necessary and convenient access over, along and across existing roads on premises owned by the Grantor within existing Bonneville Power Administration easements.

1. It is agreed that any damage to Grantor's agricultural crops, fences, or irrigation or drainage systems on the right-of-way resulting from and in the course of construction, reconstruction or maintenance of the transmission line or lines shall be repaired, replaced or paid for by the United States of America or its contractor. Where payment is made, the amount of damages will be determined by an appraisal made by the United States of America.
2. The United States of America shall have the right to grade, cultivate, plant and maintain grass, shrubs, or other cover or ornamental plants upon the portion of the right-of-way not otherwise being utilized by Grantor.
3. For the purpose of preserving the natural appearance of the right-of-way, it is agreed by the Grantor and the United States of America that the right-of-way shall not be used for the accumulation or dumping of litter, trash or other foreign material. The United States of America agrees that any such accumulations resulting from its entry upon the right-of-way for construction or maintenance purposes will be removed or disposed of by the United States of America or its contractor.

As part of the consideration for this grant, it is agreed that the foregoing provisions numbered 1, 2, and 3 shall hereafter also apply to the previously existing right-of-way on Grantor's property described in easement dated June 4, 1954, recorded in Book 38, page 242, File No. 47220; easement dated August 18, 1953, recorded in Book 37, page 150, File No. 45916; easement dated June 4, 1954, recorded in Book 38, page 191, File No. 47118; easement dated August 17, 1953, recorded in Book 37, page 147, File No. 45915; and easement dated August 23, 1954, recorded in Book 38, page 436, File No. 47679, Deed records of said County.

Reserving to the Grantor for itself, its successors, and assigns, the right to use said strips of land for all purposes not inconsistent with the United States of America's use of the same, and particularly the right to cross the same with railroads, truck roads and all other ways and means customary in transporting forest products; also the right to freely pass over and across said strips of land by all necessary means and for any purpose incident to the ownership of adjacent lands; also the right to use the surface of the strips of land for ordinary agricultural operations; provided, however, that in the exercise of such reserved rights no buildings or other structures shall be constructed on said land.

If the Grantor, its successors or assigns, should hereafter construct any railroad or railroads, truck road or truck roads, across said right-of-way at a point or points where the power or transmission line clearance above ground is sufficient to permit the construction and operation of such railroad or railroads, truck road or truck roads, the United States of America will not thereafter lower such power or transmission lines without the written consent of the Grantor, its successors or assigns;

together with the present and future right to clear said right of way and keep the same clear of brush, timber, structures and fire hazards, provided that fire hazards shall not be interpreted to include any growing crops other than trees; and also the present ~~right to top, limb or fell~~ growing and dead trees and snags (collectively called "danger trees") located on land owned by the Grantor adjacent to the above-described right of way, which could fall within 35 feet of the ~~center line~~ of the electric transmission facilities herein-before described; provided, however, it is agreed that compensation is included in the consideration stated above for trees or snags within strips of land ~~within strips of land outlined in green on EPA Drawings Nos. 150429, 150430, 150431, 150432, 150433, 150434, and 150435 attached hereto and by this reference made a part hereof, and the following listed trees:~~

- One 22-inch in diameter Douglas Fir, 90 feet outside of right-of-way on the northerly side, Opp. SS 6846+70.
- One 18-inch in diameter Douglas Fir, 95 feet outside of right-of-way on the northerly side, Opp. SS 6846+71.
- One 22-inch in diameter Douglas Fir, 135 feet outside of right-of-way on the northerly side, Opp. SS 6886+60.
- One 28-inch in diameter Douglas Fir, 190 feet outside of right-of-way on the northerly side, Opp. SS 6891+80.
- One 20-inch in diameter White Fir, 100 feet outside of right-of-way on the northerly side, Opp. SS 6898+30.
- One 18-inch in diameter Douglas Fir, 120 feet outside of right-of-way on the northerly side, Opp. SS 6985+40

~~and~~ and contiguous to said right of way that (a) are danger trees on September 10, 1970 (hereinafter called "present danger trees"), ~~and (b) are danger trees outside of said strips (hereinafter called "additional danger trees")~~ may only be exercised within 3 years after all present danger trees have been cut, and the UNITED STATES OF AMERICA shall pay the person who is the owner thereof at the date of cutting such additional danger trees the market value prevailing at the date of cutting under authority of the UNITED STATES OF AMERICA, such payment to be made within a reasonable period of time after they have been so cut.

TO HAVE AND TO HOLD said easement and rights unto the UNITED STATES OF AMERICA and its assigns, forever.

The Grantor covenants to and with the UNITED STATES OF AMERICA and its assigns that the title to all brush, timber or structures existing upon the right of way on September 10, 1970, and the title to all present danger trees shall vest in the UNITED STATES OF AMERICA on said date; and that title to any additional danger trees shall vest in the UNITED STATES OF AMERICA upon their being cut pursuant to the terms hereof; ~~and that the consideration stated herein is accepted by the Grantor as full compensation for all damages incidental to the exercise of said easement and danger tree rights, except payment for any additional danger trees as defined hereinabove which may be cut under authority of the UNITED STATES OF AMERICA as herein provided.~~

The Grantor also covenants to and with the UNITED STATES OF AMERICA that Grantor is lawfully seized and possessed of the lands aforesaid; has a good and lawful right and power to sell and convey same; that some are free and clear of encumbrances, except as above indicated; and that Grantor will forever warrant and defend the title to said easement and the quiet possession thereof against the lawful claims and demands of all persons whomsoever.

IN WITNESS WHEREOF, BROUGHTON LUMBER CO., has caused this instrument to be signed by its proper officers thereunto duly authorized and its corporate seal to be hereunto affixed
