(b) The public uses for which said land is taken are as follows:

The said land is necessary to provide for the construction of a flood control improvement and for other uses incident thereto. The said land has been selected by me for acquisition by the United States for use in connection with the Bonneville Lock and Dam Project in Skamania County, State of Washington, and for such other uses as may be authorized by Congress or Executive Order.

2. A general description of the land being taken is set forth in Schedule "A" attached hereto and made a part hereof, and is a description of the same land described in the complaint in the above entitled cause.

3. The estate taken for said public uses is the fee simple title to the land described in Schedule "A", subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

4. A plan showing the land taken is annexed hereto as Schedule "B" and made a part hereof.

5. The sum estimated by me as just compensation for said land, with all buildings and improvements thereon and all appurtenances thereto and including any and all interests hereby taken in said land, is set forth in Schedule "A" herein, which sum I cause to be deposited herewith in the registry of the said court for the use and benefit of the persons entitled thereto. I am of the opinion that the ultimate award for said land probably will be within any limits prescribed by law on the price to be paid therefor.
