

78634

EASEMENT

THIS AGREEMENT, made and entered into this 17th day of December, 1974, by and between CROWN ZELLERBACH CORPORATION, a Nevada corporation, herein called "Crown," and STATE OF WASHINGTON, acting by and through the Department of Natural Resources, herein called "State," WITNESSETH:

I

Crown, for and in consideration of One and No/100 Dollars (\$1.00) hereby grants and conveys to the State, its successors and assigns, a permanent easement upon, over, and along rights of way sixty (60) feet in width over and across the lands in Skamania County, Washington, described on the attached "Exhibit A," being thirty (30) feet on each side of the center lines of a road or roads located approximately as shown in red on the attached "Exhibit B."

Subject as to said lands to all matters of public record.

II

The parties hereto hereby agree that the rights hereinabove granted shall be subject to the following terms and conditions:

1. The easements are conveyed for the purposes of construction, reconstruction, use and maintenance of a road or roads for the purpose of providing access to and from lands now or hereafter owned or managed by the parties hereto, and for public access to such lands for recreational purposes under such rules, regulations and limitations as may be mutually established by the parties; provided, however, that such public use shall not interfere with historical commercial use of the parties.

2. Crown reserves for itself, its successors and assigns, the right at all times for any purpose, to cross and recross at any place on grade or otherwise, and to use said rights of way in a manner that will not unreasonably interfere with the rights granted to the State herein.

3. Crown may grant to third parties, upon such terms as it chooses, any or all of the rights reserved by it herein; provided, that use by such party shall be subject to the terms and conditions of this agreement and shall not unreasonably interfere with the rights granted to the State herein.

4. The cost of road maintenance and resurfacing shall be allocated on the basis of respective uses of said road. When any party uses a road, such party shall perform or cause to be performed, or contribute or cause to be contributed, that share of maintenance and resurfacing occasioned by such use as hereinafter provided. During periods when a road is being used solely by one party, such party shall maintain that portion of said road so used to the standards existing at the time use is commenced. On roads upon which the public use is permitted, State will assume maintenance and resurfacing responsibility for such permitted traffic. Provided, in the event Crown modifies its land use programs so as to establish facilities such as campsites, picnic grounds or other like facilities which invite or encourage public use, then Crown will also assume its proportionate share of the maintenance and resurfacing responsibility for such use. During periods when more than one party is using the same road, or any portion thereof, the parties hereto shall meet and establish necessary maintenance provisions. Such provisions shall include but shall not be limited to:

(a) the appointment of a maintainer, which may be one of the parties hereto or any third party, who perform or cause to be performed at a reasonable and agreed upon rate the maintenance and resurfacing of the road or the portion thereof being used; and

(b) a method of payment by which each party using said road or a portion thereof, shall pay its pro rata share of the cost incurred by said maintainer in maintaining or resurfacing said road or portion thereof.

For purposes of this agreement, maintenance is defined as the work normally necessary to preserve and keep the roadway, road structure and road facilities as nearly as possible in their present condition or as hereafter improved.

RECEIVED BY J. Ball, Jr. Rep.

5. Each party using any portion of a road shall repair, or cause to be repaired, at its sole cost and expense, that damage to said road occasioned by it which is in excess of that which it would cause through normal and prudent usage of said road. Should inordinate damage to a road occur which is not caused by an authorized user of said road, the parties hereto shall meet to agree upon the cost of replacement, the party to undertake the replacement, and the shares of replacement cost to be borne by each user of said road. Public use leading to inordinate damage to be repaired at sole cost and expense of State. Provided, in the event Crown modifies its land use program so as to establish facilities such as campsites, picnic grounds or other like facilities which invite or encourage public use, then Crown will also assume its proportionate share of the inordinate damage.

6. Unless the parties hereto agree in writing to share the cost of improvements in advance of such improvements being made, such improvements shall be solely for the account of the improver.

7. Crown reserves to itself all timber now on or hereafter growing within the rights of way on its said lands and the right to remove said timber via the right of way herein granted.

8. The State may permit its respective agents, contractors, licensees, lessees, purchasers of timber or other valuable materials, and their agents, hereinafter individually referred to as "Permittee" and collectively referred to as "Permittees," to exercise the rights granted to it herein: provided, that when the State or one of its Permittees plans to use any portion of said roads for the purpose of hauling timber or other valuable materials, such party shall notify Crown at least fifteen (15) days prior to the commencement of use of said rights, advising of the portion of road to be used, the approximate dates when such use will begin and end, and of the approximate volumes of forest products or valuable materials to be hauled and forthwith upon the completion of such use notify Crown thereof.

9. The State shall require each of its Permittees, before using any of said roads on the lands of the other party hereto, to:

(a) obtain and during the term of such use, maintain a policy of liability insurance in a form generally acceptable in the trade and customary in the area of said rights of way, insuring said Permittee against liability arising out of its operations, including use of vehicles. Minimum amounts of insurance shall be:

(1) For log haulers, and other miscellaneous users operating heavy trucks (over one (1) ton), One Hundred Thousand Dollars (\$100,000.00) for injury to one person, Three Hundred Thousand Dollars (\$300,000.00) for any one occurrence, and One Hundred Thousand Dollars (\$100,000.00) property damage for any one occurrence;

(2) For fern cutters, bough cutters, shake cutters, or other miscellaneous users operating pickup trucks, light trucks, (under one (1) ton) or passenger cars for the purpose of transporting miscellaneous forest products, Twenty-five Thousand Dollars (\$25,000.00) for injury to one person, Fifty Thousand Dollars (\$50,000.00) for any one occurrence, and Five Thousand Dollars (\$5,000.00) property damage for any one occurrence; or

(3) Such other limits as the parties hereto may agree upon in writing from time to time.

(b) deliver to Crown a certificate from the insurer of said Permittee certifying that coverage in not less than the above named amounts is in force and that, in the event of cancellation or modification of such coverage, the insurer will give Crown ten (10) days' written notice prior to any cancellation or modification.

IN WITNESS WHEREOF, the parties hereto have executed this instrument, in duplicate, as of the day and year first above written.
