 thereof, and under the further authority of the Acts of Congress
 approved April 24, 1888 (25 Stat. 94, 33 U.S.C. 591), and March 1, 1917

Ine/2

1 (39 Stat. 948, 33 U.S.C. 701) which acts authorize the acquisition of
2 land for flood control projects; the Act of Congress approved August 20,
3 1935 (49 Stat. 1028), which act authorizes the construction of the
4 Bonneville Lock and Dam (Oregon); the Act of Congress, approved
5 August 20, 1937 (50 Stat. 731), which act authorized completion, maintenance
6 and operation of the project and the Act of Congress approved
7 August 28, 1974 (Public Law 93-393), which act appropriated funds for
8 such purposes.

9 (b) The public uses for which said land is taken are as
10 follows: The said land is necessary to provide for the construction of
11 a river improvement for the purposes of flood control, navigation and
12 other purposes incident thereto. The said land has been selected by
13 me for acquisition by the United States for use in connection with the
14 reregulation of the peaking discharge which must be provided at the
15 Bonneville Dam, and for such other uses as may be authorized by Congress
16 or by Executive Order.

17 2. A general description of the land being taken is set forth
18 in Schedule "A" attached hereto and made a part hereof, and is a
19 description of the same land described in the complaint in the above
20 entitled cause.

21 3. The estate taken for said public uses is the perpetual
22 right, power, privilege and easement permanently to overflow, flood
23 and submerge the land described in Schedule "A" and to maintain
24 mosquito control in connection with the operation and maintenance of
25 the Bonneville Lock and Dam project as authorized by the Act of Congress

1 approved August 20, 1937, and the continuing right to clear and remove
2 any brush, debris and natural obstructions which, in the opinion of the
3 representative of the United States in charge of the project, may be
4 detrimental to the project, together with all right, title and interest
5 in and to the timber, structures and improvements situate on the land;
6 provided that no structures for human habitation shall be constructed
7 or maintained on the land, that no other structures shall be constructed
8 or maintained on the land except as may be approved in writing by the
9 representative of the United States in charge of the project, and that
10 no excavation shall be conducted and no landfill placed on the land
11 without such approval as to the location and method of excavation and
12 or placement of landfill; the above estate is taken subject to existing
13 easements for public roads and highways, public utilities, railroads
14 and pipelines; reserving, however, to the landowners, their heirs and
15 assigns, all such rights and privileges as may be used and enjoyed
16 without interfering with the use of the project for the purposes
17 authorized by Congress or abridging the rights and easement hereby
18 acquired; provided further that any use of the land shall be subject
19 to Federal and state laws with respect to pollution.

20 4. A plan showing the land taken is annexed hereto as
21 Schedule "B" and made a part hereof.

22 5. The sum estimated by me as just compensation for said
23 land, including any and all interests hereby taken in said land, is
24 set forth in Schedule "A" herein, which sum I cause to be deposited
25 herewith in the registry of the said court for the use and benefit of

1 the persons entitled thereto. I am of the opinion that the ultimate
2 award for said land probably will be within any limits prescribed by
3 law on the price to be paid therefor.
