

THIS AGREEMENT, made and entered into this 7th day of December, 1976, by and between INTERNATIONAL PAPER COMPANY, a New York corporation, herein called "International," and STATE OF WASHINGTON, acting by and through the Department of Natural Resources, herein called "State," WITNESSETH:

T

Subject as to said lands to all matters of public record.

II

1. This easement is conveyed for the purposes of construction, reconstruction, use and maintenance of a road or roads for the purpose of hauling forest products and other valuable materials from lands now owned or hereafter acquired by International, and to provide access to said lands for land management and administrative activities.

Provided, however, thirty (30) days prior to any construction, reconstruction, or development, International shall submit to the Area Manager at Castle Rock, Washington, for written approval, a complete and detailed plan of operation for the development of the right of way. International's operations specified hereinabove shall be conducted in accordance with the provisions of the State approved Plan of Operation in force at the time of the commencement of said operations and International shall provide for the examination of the right of way with the State's Area Manager, before any construction, reconstruction, or development is commenced.

2. The State reserves to itself, its successors, assigns and permittees the right to use, maintain, patrol, reconstruct and repair said road for any and all purposes provided that use for the hauling of timber or other valuable materials shall be initiated by serving notice to International, acknowledging such use shall be predicated on the basis of sharing in the value of the road. International agrees that upon receipt of this notice of intent the parties shall mutually agree as to their respective percentage of the total tributary acreage and the then replacement value of the roadway or other such facility.

The State shall then pay, or cause to be paid, its share of the facility being considered. The State shall also be responsible for the reconstruction of the facility if necessary to provide the use desired. Thereafter, the parties shall share replacement items on the basis of the previously calculated percentage.

3. The State may grant to third parties, upon such terms as it chooses, any or all of the rights reserved by it herein; provided, that use by such party shall be subject to the terms and conditions of this agreement and shall not unreasonably interfere with the rights granted to International herein.

4. The cost of road maintenance and resurfacing shall be allocated on the basis of respective use of said roads. When any party uses a road, that party shall perform or cause to be performed, or contribute or cause to be contributed, that share of maintenance and resurfacing occasioned by such use as hereinafter provided. During periods when a road is being used solely by one party, such party shall maintain that portion of said road so used to the standards existing at the time use is commenced. During periods when more than one party is using the same road, or any portion thereof, the parties hereto shall meet and establish necessary maintenance provisions. Such provisions shall include, but shall not be limited to:

(a) the appointment of a maintainer, which may be one of the parties hereto or any third party, who will perform or cause to be performed at a reasonable and agreed upon rate the maintenance and resurfacing of the road or the portion thereof being used; and

(b) a method of payment by which each party using said road or a portion thereof, shall pay its pro rata share of the cost incurred by said maintainer in maintaining or resurfacing said road or portion thereof.

For purposes of this agreement, maintenance is defined as the work normally necessary to preserve and keep the roadway, road structure and road facilities as nearly as possible in their present condition or as hereafter improved.

5. Each party using any portion of a road shall repair, or cause to be repaired, at its sole cost and expense, that damage to said road occasioned by it which is in excess of that which it would cause through normal and prudent usage of said road. Should inordinate damage to a road occur which is not caused by an authorized user of said road, the parties hereto shall meet to agree upon the cost of replacement, the party to undertake the replacement, and the shares of replacement cost to be borne by each user of said road.

6. Unless the parties hereto agree in writing to share the cost of improvements in advance of such improvements being made, such improvements shall be solely for the account of the improver.

7. The State reserves to itself all timber hereafter growing within the rights of way on its said lands.

8. International may permit its respective agents, contractors, licensees, lessees, purchasers of timber or other valuable materials, and their agents, hereinafter, individually referred to as "Permittee" and collectively referred to as "Permittees," to exercise the rights granted to it herein.

9. International shall require each of its Permittees, before using any of said roads for commercial purposes, to:

(a) obtain and during the term of such use, maintain a policy of liability insurance in a form generally acceptable in the trade and customary in the area of said rights of way, insuring said Permittee against liability arising out of its operations, including use of vehicles.

Minimum amounts of insurance shall be:

(1) For log haulers, and other miscellaneous users operating heavy trucks (over one (1) ton), One Hundred Thousand Dollars (\$100,000.00) for injury to one person, Three Hundred Thousand Dollars (\$300,000.00) for any one occurrence, and One Hundred Thousand Dollars (\$100,000.00) property damage for any one occurrence;

(2) For fern cutters, bough cutters, shake cutters, or other miscellaneous users operating pickup trucks, light trucks (under one (1) ton) or passenger cars for the purpose of transporting miscellaneous forest products, Twenty-five Thousand Dollars (\$25,000.00) for injury to one person, Fifty Thousand Dollars (\$50,000.00) for any one occurrence, and Five Thousand Dollars (\$5,000.00) property damage for any one occurrence; or

(3) Such other limits as the parties hereto may agree upon in writing from time to time.

(b) deliver to the State a certificate from the insurer of said Permittee certifying that coverage is not less than the above named amounts is in force and that, in the event of cancellation or modification of such coverage, the insurer will give the State ten (10) days' written notice prior to any cancellation or modification.

IN WITNESS WHEREOF, the parties hereto have executed this instrument, in duplicate, as of the day and year first above written.
