LAND CORNER RECORD

T 4 N, R 7 1/2 E, W.M.; Skamania county

Corner Code Number: V-25

Page 1 of 1

Name: Southeast Corner of Section 25, DLC, HES Mining Claim, Indian Allotment, Federal Reserve, Townsite; Corner Number V-25

1. History of Corner Establishment and Subsequent Restoration; description of Evidence Found:

In 1975, I found the remains of a 40-inch diameter line tree. Being this tree was so close to the corner, I used it the same as a bearing tree and chained South 106 feet and set a 3/4-inch Iron Pipe. I feel this method puts the corner closer to its original position than by proportioning. There is not likely to be a chaining error over this level of ground and for such a short distance.

2. Describe Monument, Accessories and Corollary Data to Perpetuate this Corner Location. Diagram corner and indicate meridian and reference to map of record.

LAWSON LAND SURVEYING Job # 23 - 82 - 250407 1/2; Date of Work: September, 1982

Found a 3/4-inch Iron Pipe and replaced it with a 2-inch diameter aluminum pipe and cap. References are as follows:

8-inch diameter Douglas Fir North 86° East, 13.0 feet, scribed "S 25, T4N R7 1/2 E BT" with railroad spike at the base.

16-inch diameter Douglas Fir South 16° West, 4.27 feet, scribed "S 36, T4N R7 1/2 E BT" with railroad spike at the base.

Washington Plane Coordinates: _____ Zone, Y _____, X _____
Order of Accuracy. Derived from: _____

Pin Pointed on Photo No. _____ Date _____ Located at _____

SURVEYOR'S CERTIFICATE

This corner record correctly represents work performed by me or under my direction in compliance with the provisions of Chapter 50, Laws of 1973.

Signature John G. Lawson Date Oct 1982
Certificate Number 11989

AUDITOR'S CERTIFICATE
