

"Granite" Claim. Bald Mountain Mining District.

Notice of Amended Location of Quartz Mining Claim.

Notice is hereby given that J. W. Howe, a citizen of the United States, having complied with the requirements of the laws of the United States and of the State of Washington, and the local customs, laws and regulations, having located, and claim by virtue of the original discovery and location and this amended certificate of location, fifteen hundred linear feet on this the Skamania lode of mineral bearing quartz, and three hundred feet in width on each side of the center of said lode, together with all mineral deposits contained therein, and all timber growing within the limits of said claim, and all water and water privileges thereon or appurtenant thereto. This claim is situated in the Bald Mountain Mining District, in the County of Skamania, and is and shall be known as the "Granite" Mining Claim.

The general course of said lode is North $58^{\circ}37'$ West and I claim in length on said lode Fifteen hundred feet South-westerly from the point of discovery, at which point I have posted an original duplicate of this notice.

I have marked the surface boundaries of this claim by placing substantial posts not less than three feet high and four inches in diameter at each corner of said claim, bearing the name of the lode and of the claim and of the date of location, and have cut the brush and marked and blazed the trees along the lines of said claim to indicate the location of said lines.

The surface boundary of this claim is particularly described as follows, to wit:

Beginning at a post on a mound of rock at the Southeast corner of said claim, said post being $124\frac{1}{2}$ feet South and $10\frac{1}{2}$ feet West of the Northwest corner of Section twenty eight (28) in Township Three (3) North of Range Five (5) East of the Willamette Meridian, and running thence North $58^{\circ}37'$ West fifteen hundred (1500) feet; thence North $39^{\circ}10'$ East six hundred and twelve (612) feet; thence South $58^{\circ}37'$ East fifteen hundred feet; thence South $39^{\circ}10'$ West six hundred and twelve (612) feet to place of beginning.

And I intend to hold and work said above described claim as provided by the laws of the United States and of the State of Washington.

This is an amended location of said mine claim, discovered by Willis W. Lawton on the 25 day of August 1894, and located on the

18th day of September 1894, and recorded at page 181 of Book
 of Miscellaneous Records of Kamania County, Washington.
 I now being the owner of said claim by purchase and conveyance
 from said original locator.

This amended certificate of location is made without waiver
 of any rights previously acquired by me by virtue of said
 original location, purchase and conveyance, and for the purpose
 of correcting any errors in the original location, description or record
 of said claim, and of taking in any additional ground which is
 subject to location, and any part of any overlapping claim which
 has been abandoned.

This amended certificate dated this 28th day of September 1899.

W. A. Howe

Locator.
