

Summit claim, St. Helens Mining District.

Notice of Location of Quartz Mining Claim.

Notice is hereby given that W. A. Reynolds, David Stewart, and E. M. Lauman, citizens of the United States, over twenty one year of age at the time hereinafter mentioned, on the 28th day of August, 1899, discovered a vein or lode of quartz, or rock in place bearing gold, copper, and other valuable minerals, and on the said day relocated said vein or lode under and in accordance with the laws of the United States and the State of Washington, and the said parties claim the said vein or lode and every part of the same with surface ground three hundred feet in width on each side of the center line of the said vein or lode and for fifteen hundred feet in length on each side of the said center line of the vein or lode, beginning at the discovery point hereinafter named and described, and running thence north by about 18° West for said 1500 feet, on the course of said vein, the general direction of which is north by about 18° West, and as marked upon the ground.

The whole of the said location is supposed to have been previously located, but the same was wholly abandoned properly at time of relocation as aforesaid.

The following is a description of the said vein, or lode which was named the Summit lode at time of location:-

Beginning point of said claim is at discovery on center of lode or vein about midway of a long cascade and near the lower entrance to a gorge of the hereinafter described stream and is about eight to fifteen feet west of the north side of a certain fir tree 8 to 14 inches in diameter on the east bank of said stream, which said tree is blazed or squared on four sides, and on which the discovery notice was written August 28th, 1899, the date of discovery and location. Said creek or stream is the first one west of the trail at Shaper's Pass, and at discovery is not far from 1000 feet west of said trail. Said pass is the one over the divide separating the head of the north fork of the Tolt River, sometimes called Guon River, and the said stream on which is located the said Summit claim, the waters of which stream flow southward and discharge into the upper end of Spirit Lake. Said claim has been distinctly marked on the ground, is 1000 feet in length beginning at discovery aforesaid, and is in the St. Helens Mining District, Skamania County, Washington.

Dated this 28th day of October 1899.
