

"North East Chance No. 2" Claim. Bald Mountain Mining Dist.

Notice of Amended Location of Quartz Mining Claim.

Notice is hereby given that J. Jonathan Bourne Jr., a citizen of the United States, having complied with the requirements of the laws of the United States and of the State of Washington, and the local customs, laws and regulations, have located, and claim by virtue of the original discovery and location and this amended certificate of location six hundred and sixteen (616) linear feet on this the North East Chance lode of mineral bearing quartz, and three hundred (300) feet in width on each side of the center of said lode, together with all mineral deposits contained therein, and all timber growing within the limits of said claim, and all water and water privileges thereon or appurtenant thereto. This claim is situated in the Bald Mountain Mining District in the County of Skamania, State of Washington, and is now and shall be known as the North East Chance No. 2 Mining Claim.

The general course of said lode is North 60° West and I claim in length on said lode Six hundred and sixteen (616) feet Northwesterly from the point of discovery, at which point I have posted an original duplicate of this notice. I have marked the surface boundaries of this claim by placing substantial posts not less than three feet high and four inches in diameter at each corner of said claim, bearing the name of the lode and of the claim and the date of location, and have cut the brush and marked and blazed the trees along the lines of said claim to indicate the location of said lines.

The surface boundary of this claim is particularly described as follows, to wit:

Beginning at a post in a mound of stone at the Southeast corner of said claim: said post being also at the Northeast corner of the "Hedge" Mining Claim: This post is thirteen and one half ($13\frac{1}{2}$) feet South and seven and one half ($7\frac{1}{2}$) feet East of the Southwest corner of Section Twenty eight (28) in Township Three (3) North, Range five (5) E 1 of the Willamette Meridian. Thence North 60° West, six hundred and sixteen (616) feet: thence North 40° 15' East six hundred (600) feet: thence South 60° East, six hundred and sixteen (616) feet: thence South 40° 15' West, six hundred (600) feet to the place of beginning.

And I, J. Jonathan Bourne Jr., do hold and work said above described

as provided by the laws of the United States and of the State of Washington.

This is an amended location of the North Last Chance No. 2 claim, discovered by Jonathan Bourne Jr. on the 29th day of July 1899, and located on the 31st day of July 1899, and recorded at page 236 of Book "D" of Miscellaneous Records of Okanogan County, Washington, I now being the owner of said claim.

This amended certificate of location is made without waiver of any rights previously acquired by me by virtue of said original location, and for the purpose of correcting any errors in the original location, description or record of said claim, and of taking in any additional ground which is subject to location, and any part of any overlapping claim which has been abandoned.

This amended certificate dated this 31st day of October 1899.
