Waterright
Declaratory Statement

Under the act of February 15, 1901 (St. Stat. 700) I, F. M. Clark of Castle Rock,
Washington, do hereby certify that I am the President of the St. Helens Ore Mill and Power Company
and under its authority and on behalf of said Company, do hereby apply for the reservation
of Spirit Lake sometimes known as St. Helens Lake in Steameria County, State of Washington
for a forebay and natural storage reservoir, it being the source of water supply for the
Towle river outlet of said Lake. The waters of this stream are appropriated by purchase
to the extent of 20000 cubic feet per second of time for public purposes by the St. Helens
Ore Mill and Power Company. The location of said Lake and land necessary for its use,
is as follows: Three and one half miles from Mt. St. Helens nearly due north on
unsurveyed land in the proposed Mt. Rainier Government reserve in Township 9 North, Range
5 East, Willamette Meridian, containing sixteen hundred acres. I do hereby certify that to the
best of my knowledge and belief, the said Lake is not mineral or otherwise reserved,
occupied or otherwise claimed, and that the said Lake is to be used in connection with the
business of the applicant for the St. Helens Ore Mill and Power Company for public purposes
utilizing the flow of water from the said Lake for power to generate electricity. The
natural flow of the Lake to be carried by a flume. The line has been surveyed by the said
Company beginning at a point about twelve hundred feet from the outlet of the Lake,
extending west twenty-two thousand feet through unsurveyed land to 2nd terminal.
The survey, field notes and application papers filed for the right of way privileges under
the act of February 15, 1901 (St. Stat. 798) number of the filing 17013.
I further certify that no part of the land and Lake to be reserved under this application
is or will be leased. That the same shall be kept open to the free use of any person

Receiving to winter animals of any kind, and that the said Lake, to the best of my knowledge and belief, is not by reason of its proximity to other lands reserved, excluded from recreation by the regulations and ruling of the Land Department. The waters of said Lake will cover an area of 1600 acres, unimproved land in Township 9 N. R. 5 E. W. 11. of said lands, the capacity of the Lake will be approximately 6,969,600,000 gallons. The source of the water for the Lake is the small Mountain streams from the range of mountains bordering the Lake on the East, North and West. The applicant has filed no other declaratory statement under this act, except the one mentioned for flume line, and I further certify that this is the true full purpose and intention of this applicant to use said Lake for the purpose herein set forth and maintain the same in accordance with the provisions of said act of Congress, and such regulations as are or may be prescribed thereunder.
