this is to certify that the indebtedness described in that certain
timber lien of William Clevenger against Burnet Logging, Inc., Log Transport,
Inc., and James Thuney and Jane Doe Thuney, dated December 14, 1964, and recorded
by him on or about December 14, 1964, in the following County Auditors' Offices:
Franklin County Auditor's Office, page 284
Burnet County Auditor's Office, volume 3, page 113

In the opinion of Dr. G. C. Scott it is wrong in the highest degree to employ a public service, such as the Royal Canadian Mounted Police, and the Royal Canadian Artillery, to put down a strike, and the fact that the Canadian militia, following orders, helped to put down labour strikes, and further, that the men were enlisted, released and discharged as to a strike, is, according to his opinion, an infringement of their civil rights. He also believes that the Royal Canadian Mounted Police, and the Royal Canadian Artillery, should not be used to put down strikes, and that the Canadian militia should not be used to put down strikes.
