

CONSERVATION AGREEMENT

BETWEEN

UNDERWOOD SOIL AND WATER CONSERVATION DISTRICT

AND

P. J. PANNAKIE
700 W. MONROE
NEWBURN, WIS.

340 3/4 Fremont
Rural Wisc 77336

NAME

ADDRESS

I am interested in conserving the soil of my farm and desire to cooperate with the Underwood Soil Conservation District and get assistance in developing a complete soil and water conservation program for my land.

I agree to follow the conservation plan of the District as decided upon by myself to the best of my ability, in establishing conservation practices on my land.

We, the supervisors of the Underwood Soil Conservation District, agree to help you develop a conservation plan for your land in accordance with its needs and for your farm enterprise. We also agree to assist you in carrying out your plan by providing such information or other technical assistance as we may have available, such as Land Use Capability Map, Land Use Map, Conservation Farming Guide, conservation cropping and irrigation information, surveys for fence, leveling and irrigation layout, and other conservation practices of which you may want or need assistance.

This agreement will remain in effect until cancelled by either party, or until the farm is sold.
