

## Water Right

Be it Known that the undersigned claims the water running in Toutle River and its tributaries to the extent of 15000 cubic feet per second of time beginning at the outlet of Spirit Lake Skamania County and State of Washington. The location is made to utilize said waters for power, mining and milling purposes, manufacturing, lighting and supplying towns and villages for family uses. The place and location where said water is to be diverted is at given points determined by surveys and facilities for dams, utilized at points, as determined by survey; that I also claim ditch and right of way for said waters by it conveyed from said points of diversion and appropriation and also the right of location upon any and all lands or dams, conduits and flumes or to be constructed by the locator or assigns and to make use of any premises or constructions pertaining thereto. That the locator claims the right to repair or to enlarge said means of water appropriations at any time and the right to dispose of said water rights or said appurtenances in part or in whole at any time claiming the same all and regular under the law of the State of Washington and the United States and their decision this 21 day of April 1911

Notice of Appropriation of Water.

Notice is hereby given that the undersigned A. Y. Marsh claims the water from this stream, known as the Mill Creek, all of the water running or flowing in said stream to the extent of 20 cubic feet per second of time being equal to 800 miners inches. The purpose for which said water is appropriated is for power manufacturing household domestic and irrigation purposes and the place of intended use is the farms or premises of the above mentioned appropriators which premises are particularly described as follows: Beginning at the Northwest corner of the southeast quarter of the Northeast quarter of section three in Township three North of Range ten East of Willamette Meridian, running thence east 10 chains, thence south about 9 chains more or less to the channel of White Salmon River, thence southwesterly along the said channel to a point where the channel intersects the line between the east and west half of the East half of said section three in said township and range to the place of beginning, excepting however from the above described land a strip of land 100 feet wide along the north and west shore of said river, measuring from the west and north bank at high water mark of said river, and being that certain strip of river frontage heretofore granted to the White Salmon Boom and Improvement Company.

The point of diversion shall be at a point about 300 feet southeast of the Northwest corner of the southeast quarter of the Northeast quarter of section 3 Township 3 North range 10 East of Willamette Meridian; Thence in a southeasterly direction to station number 45 of the survey of the Buck Creek Lumber Company Flume, said station Number 45 being located at or near the mouth of said creek, where it empties into the White Salmon River.

The means by which it is intended to divert the water from said stream is a head gate which shall be located at the point beginning 300 feet at the northwest corner of the southeast quarter of the Northeast quarter of Section 3 in Township 3 North of Range 10 East of the Willamette Meridian. And said water shall be conveyed from said head gate by means of a ditch and flume of sufficient size and carrying capacity to carry said water to said premises above mentioned and described.

Witness our hands this 24th day of April 1911
