

which electricity can be applied. For supplying cities, towns, and villages with water and for water works, and for irrigating lands and for creating electricity for all public and domestic uses whatsoever. For supplying power for the operation of railroads and other means of transportation, and for all and every public use and service to which water, or water power, or electricity generated from water power can in any way be used. Notice is hereby further given that the undersigned pursuant to this appropriation intends to store ten thousand million cubic feet of water in said reservoir site and to erect storage dams and other works necessary to complete said reservoir and to cause the water so stored to flow therefrom in a westerly direction about fifteen miles to the power house site.

The means by which it is intended to store said water are dams, ditches, flumes, siphons and conduits.

This notice has been executed in duplicate, and one copy thereof will be filed in the office of the Auditor of Skamania County, Washington.

In witness whereof the said appropriator has posted a copy of this notice as above mentioned on the 23rd day of Nov. 1916.  
Signed, sealed and posted in presence of:  
Witness.

STATE OF WASHINGTON " GREENE.

NOTICE IS HEREBY GIVEN, That THE UNDERSIGNED CITIZENS OF THE UNITED STATES, in conformity with the Acts of Congress, the laws of the State of Washington, and the local customs of said State, has claimed, taken possession of, located appropriated and does hereby claim, take possessor of, locate and appropriate TWO THOUSAND cubic feet per second of time of the waters lying, being and flowing in the stream known as and named Cispus River, which said stream is situated in the County of Skamania, in said State of Washington, the same being the stream on the left bank of which this notice is posted.

This notice is posted on a small cedar tree at the head of the first falls below the confluence of the muddy fork with the main Cispus river. The purpose for which said water is claimed and appropriated, and for which the same will be used are for maning, milling, manufacturing, industrial, irrigation, and for creating a water power to be used for mining, milling manufacturing, industrial, irrigation purposes and for creating a water power for the production of electricity to be used for all public, domestic and industrial uses; and for creating electricity for the purpose of supplying cities, towns and villages, with light, heat, and power; and for furnishing public service corporations with light heat and power; and for all other public

uses to which electricity can be applied. For supplying cities, towns and villages with water, and for water works, and for irrigating lands, and for creating electricity for all public and domestic uses, whatsoever. For supplying power for the operation of railroads and other means of transportation, and for all and every public use and service to which water, or water power, or electricity generated from water power can in any way be used.

Notice is hereby further given that the undersigned pursuant to this appropriation intends to divert 2000 cubic feet of water per second of time from said stream, at and near the point where this Notice is posted; and to cause said quantity of water to flow therefrom in a westerly direction along the right shore about fifteen miles to the power house site.

The means by which it is intended to divert said water are dams flumes ditches pipes and conduits.

The places where it is intended to use said water are as follows: about fifteen miles in a westerly direction from the point of intake below the muddy fork where a copy of this notice is posted.

This notice has been executed in duplicate, and one copy thereof will be filed in the office of the County Auditor of Skamania County, Washington.

IN WITNESS WHEREOF, the said Appropriator has posted a copy of this notice as above mentioned on the 23rd day of Nov. 1916.

Signed, sealed and posted in the presence of R. Green, Appropriator.
