Dear Sirs:

Attached is our Application for Classification as Open Space for Current Use Assessment Under RCW 84.34 form dated December 24, 1976 for Assessor's Parcel Number 2-8-34-2000 in Skamania County.

Title to this land was acquired by the Skamania Landing Owners Association, Inc. on June 1, 1976 from Western Ventures Resources, Inc. of Seattle, Washington, as community property per the Woodward Marina Estates plat of Skamania Landing. This community area was dedicated on the plat as private property for common use of the property owners within the platted area. This is the intent and reason for our acquisition of this property through legal transfer of title to our organization.

Now we wish this property to be retained as currently used in its generally natural state. Therefore, we request it be classified as open space per our application.

Very truly yours,

SKAMANIA LANDING OWNERS ASSOCIATION, INC.
