Affidavit.

I, A. J. Mitchell, being first duly sworn depose and say:

I am the secretary and assistant superintendent of Spokane, Portland and Seattle Railway Company, a Washington corporation. As assistant superintendent, I have charge of the engineering department of said Spokane, Portland and Seattle Railway Company. As secretary of Spokane, Portland and Seattle Railway Company, I executed that certain flowage easement dated August 20, 1937, from Spokane, Portland and Seattle Railway Company to the United States of America. I participated in negotiating with representatives of the United States of America, which led to the execution of said flowage easement, and I am familiar with the property involved. Said flowage easement covers all of that part of the right of way of Spokane, Portland and Seattle Railway Company along the north side of the Columbia River between mile post 50.42 in Skamania County, to mile post 102 in Klickitat County, Washington, the surface of which is below the 800,000 C. F. S. controlled back water curve of the Columbia River.

Aside from reversionary or other rights or claims of adjacent land owners or others, based upon the terms of the right of way or other recorded instruments or of the provisions of Acts of Congress, where right of way was obtained pursuant to an Act of Congress, no third parties have, or to my knowledge, claim any rights to the land covered by said flowage easement. To the best of my knowledge and information, and based upon a close inspection of the land described in said flowage easement, no third parties have acquired any rights to said property by prescription, adverse user, agreement with the Railway Company, or otherwise.

A. J. Mitchell

Subscribed and sworn to before me this 25th day of June, 1938.
