THIS AGREEMENT, Made and entered into by and between Charles Clin, and Hilda Ulin, his wife, parties of the first part and J. F. Attwell and Lucy Attwell, his wife parties of the second part, witnesseth:

That whereas, each of the parties hereto desire to take water from Cedar Creek, in Section two tp 2 N R 7 E. W.M. for domestic use upon lands owned by them, and each of said parties desire easements from the other for pipe line therefor,

It is therefore agreed that the parties of the first part have conveyed and granted, and by these presents do convey and grant unto the parties of the second part the right to construct and maintain upon their land at a point on or near the bank of Cedar Creek and approximately 250 feet west of the west line, projected southerly, of the property of the second parties, as described in deed recorded at page 565 Book S of Deeds, records of Skamania County, Washington, a concrete reservoir and to take, at or near said point, water from said Cedar Creek; also a right of way for a pipe line by the most feasible route easterly along Cedar Creek to the property of the said parties of the second part above mentioned and described, together with the right to go upon the property of the parties of the first part for the purpose of constructing, laying, maintaining and repairing said pipe line; Provided, however, said pipe shall be laid below plow depth.

And in consideration therefor the parties of the second part grant and convey unto the parties of the first part an easement for a similar pipe line to be placed below plow depth on, over and across the property of the parties of the second part above described lying south of said Cedar Creek, with the right and privilege to go upon said property for the purpose of constructing, laying, maintaining and repairing said pipe line.

In Testimony Whereof the parties have executed these presents in duplicate this 5th day of January 1934.
