BOOK 1 PAGE 203

November 4, 1979

To Messrs. Douglas Hopkins and Lee Kelson:

I am told that Olsen Engineering recently conducted surveys in your behalf. Mr. Hopkins' survey results are recorded in Vol. 1, Page 194 (26-4-7) while Mr. Kelson's survey is not yet recorded (previous survey Vol. 1, Page 76 (36-3-7½)). The results of these surveys are in disagreement with all previous surveys in the area. There are a number of property owners involved, and there are questions of accuracy and liability (pouring concrete in my driveway and missing markers).

For these reasons I ask that you make no attempt to fence or through any other method to claim any part of the disputed property until such time as the property lines are properly and legally ~~ascertained~~ settled.

Cordially,

Rosie Mae Meyers
