situated in the Mt. St. Helens Mining District, in
Skamania County, State (or District) of Washington During
the year ending March 16 1974, for and on behalf of
Emery L. Friend, Sr.

the owner of said mining claim in the sum and value of
Three hundred and fifty dollars *** Dollars

that such labor and improvements consisted of _____ Feet of Shaft, _____ Feet of Tunnel,
_____ Feet of Open Cut

Attempt to put in culvert in to enter the place... clean brush out to make parking space, analyst work on silver and gold chloride and work done on separating silver from ore. Also silicates containing copper, gold, silver and liminite but impossible to produce a nickle or nickle silver. Good for stainless steel and German silver and a good gold chloride content. Still working on processing ideas that we dont have in this or any country gold chloride mainly discovered in 1962 in Seattle by myself. No other person involved.
