

June 18, 1980

G. P. Todd  
Skamania County Auditor  
Stevenson, Washington 98648

Dear Mr. Todd:

This letter is to request a deferral of assessment work for the year of 1980 on mine claims in Skamania County because they are located in the disaster area of Mt. S. Helens.

The two mine claims are recorded in Skamania County Records Book N of Mines, Page 168 and Page 166, recorded July 30, 1979.

If the above information is not sufficient to secure the deferral of assessment work, Please let me know as soon as possible, and I will be glad to fill out any further forms, or provide further information if necessary. Thank you.

Sincerely,

*Lester L. Miller*  
*Lua L. Miller*
