

Revised Mobile Home Park Inventory

Board of County Commissioners approved this revised inventory of Beacon Rock Mobile Home Park at County Commissioner's meeting on April 28, 1980.

Findings of Fact:

1. Robert & Marjorie Rhode (the owners of Beacon Rock Mobile Home Park) testified, the mobile home sites and recreational vehicle sites as shown on this map were in place when they acquired this Park.
2. They have no knowledge of any additional sites added to their Park since the official Mobile Home Park Inventory made 1974 as required under Section 1.10 of the Skamania County Mobile Home Park Ordinance No. 1973-4.
3. A letter from Don Hogarty, Sanitarian for Southwest Washington Health Department stated no septic tank permits have been issued for this Park since the 1974 Mobile Home Park Inventory. Mr. Hogarty's letter further stated this Park has never been issued a permit by the Health District for 45 spaces (sites) as shown on this map.

Conclusion:

The County Commissioners have concluded that there must have been an omission of spaces on the 1974 Inventory conducted by the Planning Department and Health District, and hereby approved this revised Inventory. Any additional spaces added to this Park, not shown on this map will be required to comply with the Skamania County Mobile Home Park Ordinance.
