Location of the Norway Mine N 15 W
Norway lode North West Discovery claim

Notice of location

In compliance with the U.S. Mining Laws and the regulations of Cispus mining district I located the North West Discovery claim of the Norway lode, Skamania County State of Wash.

Locality Lake Canyon on west bank of Lake Canyon creek below a Cascade. This is a relocation because we found that the strike of the vein is not N 35° W as in former location notice but N 15° W and we found also that this new location does not conflict with location made by other parties.

Boundaries From place of discovery 300 feet N 75° E thence 1500 feet N 15° W thence 600 feet S 75° W thence 1500 feet S 15° E thence 300 feet to place of beginning.
