In making such a determination, the Forest Service shall utilize the same standards of compatibility as are applied to activities on private lands elsewhere within the Special Management Areas of the Columbia River Gorge National Scenic Area. Any activity determined to be incompatible shall be prohibited and shall be construed as a right having been acquired by the United States pursuant to this instrument.

C. The Grantor has an affirmative obligation to make reasonable repairs and reasonably maintain the Property, and to preserve its existing aesthetic characteristics. This obligation includes, but is not limited to, not placing any signs or billboards on the Property (except for sale or rent, no trespassing, or for identifying the owner), and not allowing the accumulation of trash, debris or other unsightly materials. The acquiring agency of the United States is the Forest Service, United States Department of Agriculture. Any rights acquired by the United States, including those expressly acquired in the name of the Forest Service, are fully assignable to any other entity by the Secretary of Agriculture or by Act of Congress.

G. All uses of the property, including those rights reserved in Part II by the Grantor, shall conform with all provisions which are or may be in effect of the Interim Guidelines promulgated by the Forest Service pursuant to section 10 of the Act, Guidelines for Land Use Ordinances issued pursuant to section 8 of the Act, and any zoning ordinances which may apply to this property. In the event that a specific provision of this easement is more restrictive on the use and development of the property than the above referenced Guidelines or ordinances, the provisions of this easement shall prevail.

H. All rights, title, and interests in the property not expressly and specifically reserved by the Grantor shall be deemed to be acquired by the United States, and uses of the property not specifically reserved shall be deemed prohibited.

I. The Grantor and the United States agree that any ambiguities regarding the terms and conditions of this easement shall be resolved in a manner which best effects the overall conservation and public purpose of Public Law 99-663.

J. The United States shall have the right to make surveys, plats, take photographs and prepare such other documentation as may be necessary or desirable to administer the provisions of this instrument. Any such map, plat or other suitable document may be recorded at the discretion of the Forest Service in the land records of the respective county wherein the property is located.

K. The provisions of this easement are enforceable in law or equity by the United States, its successors or assigns.
